A TIE-UP IMMINENT.

The Employes of the Pennsylvania System Assume a Threatening Attitude.

PITTSBURG, Feb. 20.—The firm refusal of the Pennsylvania road to consider at all the proposals of their men for an advance, has created a stir in railroad circles here. General Manager Wood, of the company, says no proposition of an increase in wages, at least, will be accepted, and the men say it either means this or a tie-up from Jersey City to Chicago, with all branches. There are 102 members of the general grievance committee here, and yesterday the brakemen and firemen held two very unsatisfactory conferences with the railroad officials. To-day the officials meet the engineers and conductors, but it is thought no agreement can be arrived at, as all the organizations stand together in their demands for an advance in wages.

Messrs. Howard, Sweeny and Sergeant, of the supreme council of the United Order of Railway Employes, are here. The other members, including P. M. Arthur, will arrive to-day. Conferences with the company and the committees of the different organizations will be held during the remainder of the week, and the final decision of the council may not be reached for several days.

WOULD NOT WEAR TIGHTS.

Matrons of New Haven Object to Pink Tights in a Play.

NEW HAVEN, Conn., Feb. 20.—In a few weeks Antigone, the Greek play, will be presented at the Hyperion theater by a company which includes some of the best amateur talent in the city. Mrs. H. Grant Thompson will be the leading lady. Another company, with Justine Ingersoll as leading lady, will present Pinafore a few days later, also at the Hyperion. The rehearsal for the latter piece has resulted in a breezy discussion of whether it would be proper for the leading society women of New Haven to appear in tights before the public. When some of the married ladies heard they were going to wear tights in the piece they protested, and Frank D. Nelson, the manager, found himself in hot water. Some of the young unmarried women upheld Mr. Nelson, but they were voted down. Mr. Nelson consented to abandon the idea of tights.

There is the greatest rivalry between the two companies. Miss Ingersoll, who is without doubt the most talented amateur actress in the state, and one of the best known socially, was not included in the cast made up for Antigone, and she was very naturally piqued. She then resolved to select a company and transcend the presentation of Antigone by securing the talent not in the cast of the Greek play, and presenting Pinafore.

BEER BREWERS

Meet at Brooklyn to Protect Their Interests.

NEW YORK, Feb. 20.—Lager beer brewers, representing $8,000,000 of capital, met yesterday in Brooklyn and perfected arrangements for forming a rival pool to protect the interests of those who were left out of the combination made in November, 1886. One of the members of the new pool said that the only objects of the combination were for mutual protection, the upholding of a good standard of beer, the keeping of the members in good standing with the board of trade, and to have some standing with the legislators at Albany.

Mining Rates for the Coming Year.

BRAZIL, Feb. 20.—The coal operators of Indiana, acting wholly independent of the United Mine Workers of America, will shortly fix upon a scale of mining prices for the year beginning May 1, next. As a body they withdrew from the national order two years ago. For the past year the mines have been operated on their scale, which at least has secured fair work on an average. The scale has not been as high as might be desired, but it has enabled the operators to regain their trade, lost by the great seven months' strike in 1889.

With trade regained, and with new customers, the prospect for paying a better scale next year is fair. The national order demanded a larger advance, however, than is likely to be made.

G. Bennett Returned to Lafayette.

LAFAYETTE, Ind., Feb. 20.—Sheriff McKee has returned from Michigan City, bringing with him George Bennett, the young man who, on November 8, shot and instantly killed William Scott and fatally wounded John Werkhoff, the latter dying on the 8th of that month. After his arrest a masked body of men called at the jail on the night of November 9, but the sheriff had been warned by Mrs. Bennett, and had slipped away with the prisoner. He was taken to Lebanon, and thence to Michigan City. There is no longer any excitement here.

Young Woman Commits Suicide.

JEFFERSONVILLE, Feb. 20.—Ada Johnston, aged twenty-three, committed suicide by taking strychnine last night. Ed. Wyatt had promised to visit her last evening, but failed. At 8 o'clock she procured the poison, took it and laid down in bed. At 9 o'clock the family was alarmed by her convulsions, but had no suspicion of poison. At 11 o'clock she died. Not a line or word was left by the girl to explain.

KILLED IN COLD BLOOD.

Another Murder Perpetrated by the Cuban Government.

NEW YORK, Feb. 20.—A letter reached this city last night, dated Havana, Cuba, February 11, which gave an account of another cold blooded murder by the Cuban government on the 7th inst.

Four weeks ago Manuel Garcia, a police officer, captured a band of robbers, whose leader was Domingo Monte longo. After the capture Montelongo was approached by a representative of the government, who told him that if he and his friends would leave the country the government would see that they ran no risk in doing so. Montelongo hesitated, saying that he feared that they would be captured and shot. Finally, however, he decided to leave. He was allowed to select the friends whom he desired to accompany him, and he chose Eulogio Rivero, Perica Rivero, Juan Roja and Francisco DelGado. Eulogio Rivero's young wife and child also accompanied the party, which started for Havana by the Villanueva railroad. The train arrived at Havana about noon, and at 4 o'clock in the afternoon the bandits rowed to the steamer, the Baldomero Volesius, which was to take them to Venezuela, in South America. Their baggage was stowed away, and the party was treated as ordinary passengers.

Mrs. Rivero went below to the second cabin to put her six-months-old baby to sleep. The men remained on deck and smoked. About an hour before Montelongo and his party arrived at the ship, Inspector Solano and fifteen gendarmes had boarded the vessel and divided into two parties. One party was stationed under the stairs leading from the deck to the second cabin, and the other was stationed in convenient hiding places near the second cabin, which the bandits were to occupy. When the men had finished their cigars they started for their cabin. Montelongo went ahead. As he was about to enter the cabin he saw, through the half open door, the uniform of a gendarms and glittering pistol. He turned to his companions and shouted: "We are sold! The police!" The police opened fire. Perica Rivero fell, riddled with more than a dozen bullets. Juan Rojo had nothing but a dagger, yet with this he did some desperate fighting. He was soon killed, however, by the bullets from the revolvers of the police. Mrs. Rivero rushed out of her cabin and was severely beaten by one of the officers. She dropped to the floor insensible. The gendarmes finally drove the rest of the party to the deck and continued their firing, frightening the other passengers and wounding several. Montelongo and Eulogia Rivero dropped over the side of the vessel into a small rowboat and compelled the owner to row for shore. The police sent a shower of bullets into the little boat and killed both the bandits. Rivero dropped into the sea. The bodies were recovered and taken to the city. Mrs. Rivero, who was horribly wounded, is under arrest in the prison hospital. The newspapes are bold in their denunciation of this brutal murder. The officials, however, say that it was the surest way of getting rid of the bandits. The lives of all the passengers on the ship were endangered, and great excitement prevails among them and their friends.

BOUND TO HAVE A WIFE.

He Didn't Like His Stranger Fiance and Married Her Sister Instead.

HARMAN, Ohio, Feb. 20.—Miss Mollie Cecil was last week married to O. W. Burdick, an Illinois man. Burdick, without any acquaintance with the Cecil girls, had for a year been corresponding with a sister of the girl he married. He came on to see and marry the young woman. When they met their mutual dislike was so marked that a wedding was impossible. However, to avoid a sensation, Burdick remained a few days. He saw, wooed and won the sister of his correspondent. They concluded to marry before his return, and the sister who first expected to wed Burdick gave to the one who really married him her wedding dress and the young bride wore it at the ceremony.

NO NUTRIMENT IN PROMISES

The Sioux Chiefs Not Satisfied With Their Visit to Washington.

CHICAGO, Feb. 18.—The Sioux Indians who have been to Washington have reached this city on their way back to Pine Ridge. Young-Man-Afraid-of-His-Horses said: "We had some promises, but they are like all other promises of the great father. We are not fooled, and we go home with heavy hearts. We wanted General Miles, but he did not come. We shall tell our people that we have got more promises. Then they will laugh at us and call us old men."

An Indiana Town Suffers by Fire.

SOUTH BEND, Ind., Feb. 20.—Walkerton, a prosperous town in this county, was visited by a disastrous fire yesterday morning, probably the work of an incendiary. The flames were discovered about 5:30 o'clock

FRIGHTFUL WRECK.

A Collision in a Tunnel on a New York Road Causes Great Loss of Life.

NEW YORK, Feb. 20.—The New Haven regular local passenger train, which left the Grand Central depot at 7.01 to-day, was run into in the Fourth avenue tunnel shortly afterward by a yard engine attached to several cars. The crash was something terrific, and both trains and engines were completely wrecked. The cars of the passenger train immediately caught fire from an overturned stove, lighting up the scene of the wreck and making the work of destruction still more horrible. Two alarms of fire and calls for ambulances were immediately sent out, and physicians from Bellevue and Harlem hospitals, accompanied by several fire engines, were soon on the spot.

The following statement was made by the officers of the New York and New Haven road: The doomed train was the New Haven regular local passenger train which left the Grand Central station at 7:01 a. m. The collision occurred near Eighth street in the Fourth avenue tunnel. It was, with another train, coming on the same track. The last car of the New Haven train took fire. The engineer of the New Haven train was instantly killed. At 8:45 the body of a woman burned to a crisp was brought to the surface. The engineer of the other train had one of his legs burned off and another employe was badly burned.

ANOTHER REPORT.

NEW YORK, Feb. 20.—An appalling disaster occurred shortly after 7 o'clock this morning in the Fourth avenue tunnel, near Eighty-fifth street, in which two women and four men met their death and several other persons were seriously injured. All were employes of the New York, New Haven and Hartford railroad. The accident was caused by the New Haven accommodation train which left the Grand Central depot at 7 o'clock and crashed into the shop train, the rear car of which was filled with car cleaners and other employes bound for the railroad shops at Mott Haven and which had left the depot five minutes ahead of the New Haven train.

RAILROAD WAR.

The Nickel Plate Don't Want the S. and C. Lot in at Bellevue.

BELLEVUE, Feb. 20.—Mr. Lewis Williams, of the Nickel Plate railroad, met Mr. Moore, of the proposed Sandusky and Columbus short line road, here Monday, and, at the request of Mr. Williams, one of our most prominent and influential business men was present,

Mr. Moore has claimed all along that the Nickel Plate was friendly to the project, but Mr. Williams said that Mr. Caldwell had already told Mr. Moore that the Nickel Plate would fight the road should they attempt to run through town on Railroad street, which has already been given the Nickel Plate and which the people of the proposed Sandusky and Columbus road tried to get by rushing an ordinance through at the last council meeting.

This route would always be a scource of danger to both roads and a great inconvenience to the Nickel Plate, as it would hem in and cross their yards.

Mr. Williams also said that should this proposed road get the right of way, then the Nickel Plate would remove their yards from here.

This would be a very serious matter for the town, as the Nickel Plate pays out about $15,000 per month here, and it would take away about 1,000 inhabitants.

BIG OIL DEAL

In Which the Standard Company Has a Finger.

PARKERSBURG, W. Va., Feb. 20.—One of the largest deals ever made in oil producing territory has just been concluded between E. M. Hukill and the Standard Oil company. The property comprises 20,000 acres of land in Green county, Pennsylvania, and in Monongahela and Marion counties in this state, upon which is a distinct oil and gas field, owned and operated by Hukill. The price paid was $700,000, Mr. Hukill parting with all his property except three tracts of land about which there is a litigation. In this connection it may be said that the Standard Oil company is at present leasing and buying immense tracts of oil land. They have bought the entire county of Gilmore outside of the county seat, nearly all of Dodderige county, and part of Mason, and every day new tracts are sold to them.

NEARLY FROZEN TO DEATH.

Sad Experience of a Crazy Man at Crawfordsville.

CRAWFORDSVILLE, Feb. 20.—Thomas Ward, aged sixty years, was found yesterday morning lying along the railroad near New Richmond, nearly frozen to death, and he will die from the exposure. He was clad only in his shirt and drawers. An investigation showed that he had undressed in the middle of a field last night, it being the supposition that he thought he was at home, and preparing to go to bed. During the night he had walked through a pond, and in breaking through the ice his feet had been cut to such an extent that the ground was colored with blood for some distance. He was a well-known citizen and his derangement has come suddenly upon him.

REPUBLICAN SCHEME

To Unseat Colonel Brice as the Senator From Ohio.

WASHINGTON, Feb. 20.—Certain Ohio republican politicians here are extremely busy trying to secure evidence which will open the question of Calvin S. Brice's right to a seat in the senate, as senator from Ohio. The protesting memorial signed by the republican members of the legislature and the members of the republican state executive and central committees was brought here to Senator Sherman by State Senator Richards last week. The politicians working the scheme here are getting certificates from the census bureau, showing Col. Brice and his son enumerated as residents of New York city. Copies of various contractors' bonds alleged to have been signed by Col. Brice as a resident of New York, notably the aqueduct bond, are also to be procured and used. The scheme is to allow Brice to be sworn in March 4, then have Senator Sherman present the petitions and protests, and upon them as a foundation the contest on the ground of non residence is to be made. Whether or not Senator Sherman will become a party to this scheme remains to be seen, but it will be urged upon him as a matter of political expediency. If Brice's seat was declared vacant, and there were two elections of senators to be made by the next Ohio legislature, it is argued that the war within the republican party in that state would cease, and the various factions would pool their issues to elect both senators instead of quarreling over the choice for one.

MADE THE CIRCUIT.

Louis Schroeder Returns From Several Base Ball Towns.

Louis Schroder returned home this afternoon, after having made the circuit of a number of towns, with the object of learning what are the prospects for their entering the state base ball league. He was at Richmond, Kokomo, Muncie, Anderson, Marion and Lafayette. He says the campaign is on in all of the above places for the purpose of organizing clubs, but the outcome is yet uncertain. Richmond is doubtful, and one or two other places are by no means sure, but South Bend is anxious to come in and so is Logansport, so that it looks favorable for the organization of the eight-club league. Several interested parties at Huntington are desirious of making the venture but this place will hardly be in it.

JUDGE BERKSHIRE DEAD.

The Distinguished Jurist Called to a Higher Tribune.

COLUMBUS, Ind., Feb. 20.—Hon. John G. Berkshire, one of the judges of the supreme court, died at his home at North Vernon at 5 o'clock last night. He served eighteen years in succession as circuit court judge, then practiced law six years, and was then elected supreme court judge on the republican ticket in 1888 and had served in that capacity about two years. His sickness was typhoid pneumonia, superinduced by a heavy cold, and was of about ten days' duration. He was fifty-nine years of age. This is the second death on the supreme bench within the past two months.

DELIRIUM TREMENS

Prevents a Slick Swindler from Escaping.

YOUNGSTOWN, O., Feb. 20.—George Clark, a machinist by trade, who came here two months ago from Pittsburg, was jailed to-day, charged with attempting to swindle E. A. Bunts, a cigar merchant, out of $1,000. Clark represented that he had money to loan deposited in the First National bank of Pittsburg, and secured Bunts' note for $1,000, giving him a draft. The draft was returned marked "no funds" and Clark arrested. Shortly after his arrest he was stricken with delirium tremens, and is in a critical condition.

SIX FINGERED PRENOM.

One of the Base Ball Players Promised for Fort Wayne.

Guy Hecker has notified William Meyer that he will take charge of the Fort Wayne base ball team the coming season on terms submitted to him. Consequently the following from the New York Daily Continent will be interesting: "Fort Wayne, Ind., is after Hecker, of the Louisville base ball club. If he signs with them Pitcher Gray, of the six fingered and six toed fame, will go with him."

STORM AND EARTHQUAKE.

Wind and Fire Add to the Terrors of the Trembling Earth.

VIENNA, Feb. 20.—A terrific storm passed over Presburg, Hungary, to-day, unroofing houses, tearing up trees by the roots and doing an immense amount of other damage.

The storm was followed by an earthquake, which caused two large fires. One of the buildings which took fire was a girl's college, several of the inmates of which were injured by jumping from windows. No one was hurt seriously.

MEASE GETS TWO YEARS.

The Fat of Martin Kuhns is "Let Off Easy" by the Columbia City Jury.

The testimony in the case of James Mease, who has been on trial this week at Columbia City on the charge of assault with intent to kill Officer Kennelly at Churubusco, in the fight the officers had with Kuhns, the desperado, was concluded yesterday afternoon and the jury retired for deliberation. They were out deliberating over the testimony the greater part of the night, and this morning returned a verdict. The first report of the verdict was a telephone message sent this morning from Columbia City by the Whitley county sheriff to Sheriff Viberg. Chief Deputy P. J. Wise was at the instrument when the message was received here. "The jury have returned a verdict in the Mease trial" were the first words. "Well, what is it?" inquired Mr. Wise. "Mease gets two years," was the answer. "Is that all," replied the chief deputy.

The verdict is a sort of surprise among the officers in this city, and it is looked upon as a very light verdict.

COURT CULLINGS.

In the circuit court the case of the state vs. Will Franz on appeal from Justice Wilkinson, was tried yesterday afternoon before a jury, and resulted in an acquittal.

In Justice Ryan's court an affidavit was filed against William Yagel by his wife, charging her husband with assault and battery.

Harley J. Burgett has commenced suit in the circuit court, through his attorney, H. I. Smith, to foreclose a mortgage against Johanna Redetzke, et al., claim $900.

The provoke case of the state against Fred Kinley was called in Justice Tancey's court this morning, but the prosecutor, Julius Rath, failed to put in an appearance. An attachment was issued for him and the hearing of the case set for Monday afternoon at 2 o'clock. The parties reside in Lake township.

BECOMING INTERESTING.

The Fight Between Farmers and the Postal Telegraph Company.

BRAZIL, Ind., Feb. 20.—The war between J. K. Miller, who represents the farmers along the route, and the Postal Telegraph company is becoming interesting, and is likely to result seriously for Miller. Poles were cut in front of Miller's farm early in the campaign, until half a mile or more of the wire was down. He was arrested, charged with the misdeed, but was acquitted by a justice on insufficient evidence. On Friday, when the linemen came to repair the damage, Miller swore out a warrant for trespass and secured their arrest. They were acquitted of the charge by a neighboring justice, and Miller was at once rearrested, this time on an order from the court, for malicious trespass and perjury. He was brought to this city and imprisoned, in default of $300 bail, but has since been released on bond. He will have a hearing at the next term of court.

Miller's rearrest, in connection with the lineme n's acquittal, has brought a temporary lull in the fight. It is evident, however, that the farmers are but awaiting developments. They claim that the company should pay for right of way. The company, on the other hand, claim to have purchased right of way of J. H. Blake, of Terre Haute, who years ago acquired certain franchise from the state, which enables him to give the company a perfect title.

BROKE JAIL.

By Beating the Sheriff Into Insensibility Seven Prisoners Escape.

BEADFORD, Penn., Feb. 20.—Seven of the worst prisoners in the county jail at Smithport, escaped at 7 o'clock last night. When Jailer Dan Dwyer entered the hall of the jail to lock the prisoners in their cells for the night he was pounced upon by two of the prisoners, choked and pounded into insensibility, while other prisoners put an iron bar in the grating and prevented Mrs. Grubb, the sheriff's wife, from locking the door.

Reddy Mack, in for highway robbery, then seized the sheriff's wife and held her until the criminals got away. He then threw her aside and made a flying leap through the window.

The escaped prisoners names are Reddy Mack, highway robbery; Ernest Schayler and Andy Barr, burglars, "Indian" White, assault and battery, Thomas Powell, John Smith and one other whose name is not given. Searching paries are after the fugitives.

HEIR TO SEVEN MILLIONS.

A Kansas Farmer Overtaken by Fabulous Luck.

LEAVENWORTH, Feb. 20.—Frederick Theis, a farmer in the Salt Creek valley, has gone to California in response to a telegram announcing the death of an unmarried brother, who leaves him property and lands estimated at seven million dollars.

Knocked Off a Bridge.

HARTFORD CITY, Feb. 20.—Michael Ferrett, a farmer near Keystone, fifteen miles north of this place, had a narrow escape from death Wednesday night. A train knocked him off the Pan Handle bridge over Lick creek, twenty-five feet of a fall, and he lay where he fell during the night. He was discovered this morning nearly frozen and taken to the paper mill close by, where he thawed out. He has several bad cuts about the head and is terribly bruised, but it is thought that he will recover.

MURDEROUS LOVE.

Her Throat Cut From Ear to Ear by Her Frenzied Admirer.

WINCHESTER, Ind., Feb. 20.—A horrible murder was committed a few miles east of her, the parties to the tragedy all being colored. It seems that Anderson Boswell, a young man about twenty-six years old, made his home near to that of a man named Boss, who had a young wife about twenty-seven years old. Boswell was frequently seen at the Boss residence, and yesterday evening, Boss being away from home, Boswell went there and remained until about 1 o'clock. Mrs. Boss, her cousin, a man about thirty years of age, and a young lady and a small boy were also there.

About 1 o'clock Boswell started as though he were going home. Mrs. Boss finally went out of the house, remaining for a time, when she was heard to scream and run into the house, bleeding from a gash across the throat. The man in the house ran to alarm the neighbors, leaving the young lady to hold the door, when Boswell rushed in and, seizing his victim, cut her throat from ear and ear, and also stabbed and cut her in other parts of the body, killing her instantly. He then went to his home, hitched up his horse and buggy and left.

It is reported that Boswell was madly in love with Mrs. Boss, and his attentions being disregarded by her was the cause of the tragedy. Sheriff Fletcher, of this city, with a posse of officers, is in hot pursuit of the murderer, and his escape will be almost impossible, but as yet there is no clew as to his whereabouts.

AFTER HER CHILD.

The Hiding Place of the Youngster Revealed Through a Damage Suit.

COLUMBUS, Ind., Feb. 20.—Fourteen years ago Thomas Hart was married to Julia Hunt in this city. One child was born—a girl. After a few years they opened a restaurant and kept boarders, but Hart soon grew jealous of the attentions paid his wife. She was a perfect type of auburn womanhood—vivacious and full of fun. Hart, was ugly, morose, sullen and of a suspicious disposition. Their differences widened and a separation followed. A decree of divorce and custody of the child was granted the husband. The mother soon after came in possession of considerable money and visited Indianapolis, St. Louis and Chicago, living for a while at each, occasionally coming back here to get possession of her little girl, but the husband, who had a large circle of relatives, always succeeded in keeping the child hid. Last fall the husband was missing several days and it was known he had taken the child away with him, but when he came back he refused to tell where he had been or where he had left the child. A little later his trip was developed by his bringing suit in the circuit court here against the Pennsylvania Railroad company for $5,000, alleging that he bought a round trip ticket to Lincoln, Neb., and that the execution of his signature and identification was refused by the agent at Chicago, in consequence of which he missed his train, and had to pay his fare home to this city. A few days ago the mother arrived here again in search of her little girl, and learned that the husband, while in Nebraska, had placed it in a convent in a town not far from Omaha, and left yesterday morning prosecuting her search.

THIEVES CAUGHT.

Officers Locate Stolen Property and Make Numerous Arrests.

ELKHART, Feb. 20.—Yesterday the police came down in the country a few miles north of here on a big gang of thieves, known as the Nagle gang, and found an immense amount of stolen plunder that they had hidden in a storehouse of their own manufacture. Farmers throughout this neighborhood have for months lost large quantities of valuable articles, but could not locate the goods. Yesterday they captured old man Nagle and wife and their two sons, while others will be caught. One of the gang, Al Scers, was recently released from prison, having been sentenced for abducting a girl in Michigan.

THE WIRES DOWN.

Severe Storms Demoralize the Telegraph Service East and West.

The storm of sleet and rain which prevailed last night has demoralized the telegraph service of the country from the Allegheny to the Rocky mountains. At 6 o'clock last evening the lines commenced to show the effects of the storm and communication between the east and west was seriously impaired. This morning the Chicago lines would not work at all, and about 10 o'clock the lines east of Erie, Pa., went down, cutting off communication with New York.

The Weather.

WASHINGTON, Feb. 20.—For Indiana: Snow or rain; slightly colder.

Lot 242 in Lakeside was sold to-day.

A DOUBLE BEREAVEMENT.

One Child Hardly Buried When Another One Dies in the Same Family—The Deaths.

Last night, at the residence of Mrs. Helen Monahan, No. 6 Kansas street, occurred the death of Michael, the little son of Mr. and Mrs. James Noonan, of Chicago, formerly of this city. A few days ago the parents brought here for burial the remains of their beloved daughter Mary, aged five years, who died of diphtheria. En route their son Michael was prostrated with the same disease, and while the earth was still fresh over his sister's grave, he passed away. The dead boy was tenderly laid away this morning, and two headstones denote the painful loss to the bereaved parents.

THE BODY CLAIMED.

The body of T. J. Post, the traveling man who suicided by shooting himself yesterday morning, has been claimed by his parents, who live at Chesaning, Saginaw county, Michigan. Clarence W. Danforth, a funeral director of Bay City, arrived here and took charge of the body at the instruction of the Most Worshipful Master of the Masonic lodge at Bay City, under the auspices of which the obsequies will be held, as the deceased was a member in good standing. The remains were shipped home to-day.

OTHER DEATHS.

Carley G. Gay, the infant daughter of Mr. and Mrs. Gay, of Home street, died suddenly yesterday afternoon of bronchial troubles. The funeral took place this afternoon at 2 o'clock from the Walton avenue M. E. church.

The funeral of Henry, the eight-months-old child of Jacob Kessen, 521 East Lewis street, was held from St. Mary's Catholic church at 9 o'clock this morning.

August Jacot, a Frenchman who had been in the employ of the city for about twenty years on the street commissioner's force, died at the St. Joe hospital to-day. The man had been drinking too hard. It is not known that he had a family. The remains are at Scheuman & Klaehn's undertaking rooms.

Andrew Sanokinauer, a resident of Adams township, just beyond the corporation limits, died of lung fever today, aged fifty-two years. A widow and children survive him. Funeral Sunday at 2 p. m. from the house.

A NEW PLANT.

Prospects for a Paving Brick Manufactory in the City.

A guest at the Aldine hotel to-day is M. Levi, a representative of the Adamantine Brick and Paving company, of West Virginia, with headquarters at Charleston. Mr. Levi is here on business matters and is looking over the ground with a view to establishing a plant here for his company for the manufacture of paving brick. The manufacturing concern has a substantial corps of officials, its directors being as follows: Hon. A. B. Fleming, governor of West Virginia, president, Charleston, W. Va.; Hon. P. F. Duffy, auditor West Virginia, Charleston, W. Va.; Hon. W. T. Thompson, treasurer West Virginia, Charleston, W. Va; Hon. J. H. Russell, Huntington, W. Va.; Hon. R. T. Herndon, Charleston, W. Va. The officers are: Gov. A. B. Fleming, president; J. H. Russel, treasurer; R. T. Herndon, secretary.

It is not known what impression Mr. Levi will gain of this city as a point for location, but from his expressions he is favorable to it and will no doubt so report to his company.

THE RESERVOIR AGAIN.

A Petition to be Presented to the Council Next Meeting.

A petition is being circulated among property owners of the south side asking for a completion of the water works reservoir. The petition will be submitted to the common council at the next meeting. The prayer is for a provision to finish the work as proposed before the council and recommended by a committee of that body some time ago, not urging it to be done now if the city finances do not permit it, but more for preparation looking to a sure prosecution of the work when a suitable time presents itself. In plain words it is a reminder to the municipality that the plans heretofore laid out should not be allowed to go by default. The improvement asked for is to beautify the reservoir and provide an easy approach to the summit. It is represented in the petition that there is no other spot in the city more attractive for its sight seeing advantages than this expensive mound of dirt and furthermore that no city privilege is so generally partaken of as the one in question.

TWO THOUSAND LOAVES.

Colonel Geary Buys Bread for the Flood Sufferers.

The generous acts of Manager Geary, of the World's museum, have been the subject of much comment since his arrival in this city. His latest act is to send a check to pay for two thousand loaves of bread, to be divided equally between the flood sufferers of Pittsburg and Allegheny. Mr. Geary formerly lived in Pittsburg and the suffering there touched the sympathetic chord in the colonel's colossal heart.

WASHINGTON'S birthday will be appropriately observed in this city next Sunday.

THE internal revenue collectors' report shows that 357 liquor licenses have been issued in Allen county for the present year.

THE new mile track trotting association has $12 500 subscribed towards its capital stock, and steps are taken to lease ground.

THE new Y. M. C. A. literary society is on its feet. Our citizens should give it encouragement by attending their exercises.

A BILL has been introduced in the Indiana legislature to permit cows to run at large in towns and cities. Please let Fort Wayne be exempted from its provisions.

THE proposed new state line between Indiana and Ohio would make a change in Indiana's vote of about 5,000 in favor of the republicans. The change of the state line, however, will not be made.

IT IS told at the expense of Representative Haggard, of Lafayette, that on clear days his voice can be heard two miles, and for that reason he is regarded as a great orator in Tippecanoe county.

THE stormy weather and the slippery sidewalks kept many people from attending religious meetings last night. It did not, however, prevent a large crowd from attending the Masonic Temple to witness a theatrical performance.

E. D. RANDOLPH, of Lafayette, carried off the honors in the oratorical contest at Wabash college, there being eleven contestants, and he will represent that institution in the state contest. His theme is "The Victims of Peace." Henry Little, of Dennison, Texas, stood second, and Claude Thompson, of Crawfordsville, third.

AN exchange says a lady cured her fifteen-year-old son of cigarette smoking by the laying on of hands. She had a slipper in one of them and held the boy with the other. The remedy is said to be an excellent one. It beats moral suasion all hollow, and might be tried with good results on some of the boys in Fort Wayne.

FROM a special census bulletin just issued at the census office relating to convicts in penitentiaries it is ascertained that the total number of convicts in the Michigan City penitentiary is 756, of whom 356 are natives, 68 foreign born, 76 negroes, and 21 mixed. At the Jeffersonville prison there are 590, of whom 376 are natives, 24 foreign born, 4 negroes, and 80 mixed.

INDIANAPOLIS and Evansville and Terre Haute are the only three cities in the state which have non-partisan police forces. In the cases of Indianapolis and Evansville the police forces were made non partisan by state legislation. Terre Haute made not only her police force but also her fire department non-partisan. She did this herself because she believed it was a good thing to do.

HON. JOHN C NEW, of Indianapolis, at present consel general for the United States at London, whose name has been frequently mentioned in connection with the vacant office of secretary of treasury, writes as follows: "I was very greatly shocked to hear of the death of Mr. Windom. He was a good man and a friend of mine. I see that some folks have been suggesting me as a successor to him, and it has been so telegraphed over Europe. I do not want it. I would very much prefer my present place. It is not so hard work and is in other respects infinitely better."

THE suicide of yesterday morning in this city is another warning to young men of the ruinous effects of drinking intoxicating liquors. The drink habit brings misery and death. Drop it, young man, and lead a sober, industrious, honorable life.

THE first number of the Labor Herald, a new paper under the management of the Trades and Labor assembly of this city, has made its appearance. It contains a great deal of good reading and is ably edited. THE SENTINEL extends a greeting to the new labor paper and wishes it success.

THE Pennington air ship, which will be one of the attractive features of the Wallace circus the coming season, will be fifteen feet long and nickle plate finish. A one hundred foot round top canvas has been especially provided in which the ship will fly. It is the present intention to have the contrivance manipulated by a small boy, who will take his seat and guide the ship around in the canvas.

YOUNG ladies of various churches at Evansville have organized what they call "The Old Maids' Safety Society." Secret meetings are held. The main mission is to keep tab on young men belonging to their set, and whenever misdemeanors are discovered the fellow is black marked. When a specified number of black marks are recorded, then the unfortunate wight is black-listed, and the members of the society are forbidden to associate with him. A general row the other night nearly broke up the association, when it became necessary to black-list a sweetheart of one of the members, but stern duty eventually won and the young man was shelved.

A LARGE batch of indictments, some new, most old, were nollied in the United States court because there was not sufficient evidence on which to go to trial. The nollies were in cases against Theodore Bird, Blountsville, Joseph Lord, Elkhart; James Brazil, Stark county, violating revenue laws; Lee F, Wilson, Shelbyville, violating pension laws; Lee F. Wilson, conspiracy; Joseph McDonnell, South Bend; Horatio Wilcox, South Bend; George Barrows, Winamac, violating census laws C. L. Gibson, Vevay, revenue laws; William Walden and Joseph Brindley, violating the election laws.

GENERAL SHERMAN died possessed of a considerable fortune, estimated at between $150,000 to $200,000. Three years ago he purchased the house in which his family resided, at New York City. Like many army officers, he long ago bought real estate in the west and held the property as a speculation. In this way General Sherman cleared a good deal of money. He owned, it is said, several houses in St. Louis and several hundred acres of land on the outskirts of Topeka, Kas. Although a good liver, General Sherman did not spend all of the $13,500 salary received by him from the government for many years, and his savings he invested.

ACROSS THE ALLEGHENIES.

Attractions of a Trip to the East via the "Picturesque B. & O."

From the time he leaves the Ohio river at Wheeling until he alights just beneath the national capitol, the traveler on the "picturesque Baltimore and Ohio" passes through the most beautiful scenery in America—the heart of the Allegheny mountains. There is not the grandeur of the Rockies and the deep abysses and lofty peaks of the High Sierra, but there is a softness and variety to the landscape, a blending of forest and mountain and stream which the western ranges do not possess. The changes of scenery are abrupt and striking—often grand.

The line passes through the famous valley of the Potomac. This is all historic ground. The noted bluffs of Harper's Ferry, the long bridge, the steep Virginia Wall and the rushing river are passed. Harper's Ferry itself is most picturesque. A hundred yards from the track is John Brown's old fort.

In less than two hours after Harper's Ferry is left the train halts almost in the shadow of the dome of the capitol at Washington. At Washington connection is made with the Baltimore and Ohio's matchless Royal Blue Line for Baltimore, Philadelphia and New York. These Royal Blue trains consist of the staunchest and finest Coaches, Parlor and Sleeping cars ever built by the Pullman company, are vestibuled from end to end, and are protected by Pullman's improved anti-telescoping device, which makes every car as safe as it can be made by man's ingenuity and skill. All the cars are heated by steam and lighted by Pintsch gas. They are the fastest trains in the world, placing New York and Washington within five hours' reach.

SOME OF THE "WHATS"

In the Bible Discoursed Upon by Dr. Wells, the Evangelist.

Although the weather was stormy and the walks slippery with ice, Dr. Wells had quite a large audience at the evangelistic meeting last night when he arose to commence his sermon. He talked about some of the "what," mentioned in the Bible, and his discourse was a forcible and interesting one.

His first thought was taken from Matthew, twenty-second chapter, forty-second verse: "What think ye of Christ?" Do you acknowledge His divinity? Do you accept Him as your savior? Do you believe that He has power to save you from your sins? Do you know that He is your king and is the judge of the quick and the dead? Do you receive Him as the coming Messiah? Oh, let me urge upon you to answer these questions to-night, the doctor said.

The next "what" of the Bible the speaker dwelt upon was from Matthew, twenty-seventh chapter, twenty-second verse: "What shall I do then with this Jesus, which is called Christ?" I present Him to you, the doctor said, as your savior. You must either accept or reject Him. Oh, receive Him as your king, your redeemer! God help you that you may accept Him.

"What Must I do to be Saved?" taken from Acts, sixteenth chapter, thirtieth verse, was the third thought discussed. The answer is "Believe on the Lord Jesus Christ and thou shalt be saved." Oh, how simple and easy are the terms of salvation that God offers the sinner!

"What is your life?"—James, fourth chapter, fourteenth verse. Life is short and uncertain. "What man is he that liveth and shall not see death?" Death may come to some of you soon. It must come to all. The day and hour of the end of your life is written in God's book. Let me plead with you, the doctor said, to lead a Christian life and choose Christ as your guide.

The last thought dwelt upon was, "What shall the end be?" a part of the seventeenth verse of the fourth chapter of first Peter. The speaker pictured the death of the wicked and the eternity of woe that awaited them, and in contrast held up the bright and joyful future of the Christian. He closed with a strong appeal to the unconverted to accept Christ.

On account of the stormy weather, Dr. Wells announced, at the close of the sermon, that the Bible reading which had been arranged for this morning, would be postponed until this evening. The service will take place in the audience room of the First Presbyterian church, and it will close Dr. Wells' meetings in this city.

THE LEGISLATURE.

Representative Beigler introduced a bill amending the gravel road law.

Both houses passed the board of health bill over the governor's veto.

The fee and salary bill came up for discussion in the house. A motion to make the bill go into effect August 1, 1891, was lost and the bill will come up again to day. The governor says that he will veto any fee and salary bill that does not take effect when other laws go in force.

Mr. Magee's bill for civil service in the benevolent institutions was defeated by the senate.

Senator Ewing's bill, which has passed the senate, abolishing the state board of agriculture and establishing a new board was made a special order for next Monday afternoon.

Mr. Thienes' bill amending the law concerning mechanics' liens was called up on its third reading. The bill gives the men who furnish the materials for a new building a lien on it, without notice, just as mechanics' liens are held. The bill passed—yeas, 79; nays, 0.

Mr. Stone's bill requiring county treasurers to return to taxpayers all unexpended balances collected for the purpose of building gravel roads, met with no opposition and was passed—yeas, 77, nays, 0.

The bill of Mr. Nolan's, providing for the reorganization and perpetuity of voluntary associations, was passed. The bill gives Knights of Pythias, Uniformed Rank K. of P., the Order of Elks and the Ancient Order of United Workingmen the same rights and privileges under the law as other fraternal and benevolent orders now have, and gives commission companies the right to operate wharf boats.

Mr. Robbins' bill, providing that the state geologist shall be the custodian of the Indiana battle flags, until the new soldiers' monument is completed, and shall not allow them to be loaned out, under any circumstances, was passed by a unanimous vote.

Mr. Branstetter's bill, authorizing counties, cities and other municipal corporations to fund their indebtedness, was read a third time and passed—yeas, 71; nays, 1.

The house, by a vote of 78 to 2, passed the Beasley school bill. It provides for an appropriation of $1,000 to defray the expense of advertising for books not heretofore contracted for; that Hutchinson's physiologies shall be used instead of Dalton's; that the price of histories shall be raised from 50 cents to 65 cents, that the price and standard of the spellers and grammars now in use shall remain the same; that trustees shall order books for each year's school on the first Monday in June, and only in such quantities as are needed, and that they shall furnish them free to children who are so poor that they can not buy them, that trustees shall not be required to make settlements with the contractors every three months, but shall only be required to settle with the county commissioners and county superintendents once a year, and that this act shall be supplemental to the present law and shall not impair or interfere with any obligation or contract heretofore made.

Mr. Peter's bill, making it the duty of township trustees to make a full and detailed report of all allowances made to paupers, such report to be made to the board of county commissioners, was passed.

A SURGEON says he can take any human face and with ten cuts of the knife and a few stitches so alter its original expression that a man's mother wont know him.

GEN. B. F. BUTLER delivered an address at Tremont Temple, Boston, on Wendell Phillips, and announced that this would be his last appearance on the lecture platform.

GEN. LEE once refused $200,000 and a royalty to write a Southern history of the war. He did not think it proper to write and publish anything on the subject during his lifetime.

How to Break Up a Severe Cold.

From the Virginia City, Mont., Madisonian.

When we find a medicine we know to possess genuine merit, we consider it a duty, and we take pleasure in telling the public what it is. Such a medicine we found Chamberlain's Cough Remedy. By the use of this syrup we have relieved, in a few hours, severe colds, and in the course of two or three days, entirely broken them up as has several of our friends to whom we have recommended it. It is all it is represented to be by the manufacturers. If you have a cough and want to stop it, Chamberlain's Cough Remedy will do the work. For sale by druggists.

"The Ruthless Sex"

Is a term applied to women by a Boston writer. It is a slander, of course, but it is an unfortunate fact that the women are the victims of nervous disorders and troubles which "The Brutal Sex"—the Bostonese term for the men—do not understand or appreciate. For these troubles and many others that are peculiar to women Swift's Specific S.S.S. is the most potent remedy that has yet been discovered S.S.S. It restores tone and strength to all the organs, builds up the system, imparts luster to the eyes, clearness to the complexion, and urges into bloom the roses of health. Mrs. Alexander Vaughn, wife of a prominent merchant of Prescott, Arkansas, writes: "I owe the preservation of my life under Providence, to S.S.S. For four years my health was wretched, ruined—my life S.S.S. one constant pain, misery and torture. Two doctors treated me faithfully these four years, but did me no good. In 1887 I began taking S.S.S. Five bottles of this truly wonderful medicine worked S.S.S. the miracle of my complete and permanent recovery."

CONCERNING DEMURRAGE.

A Court Decision Which Will Interest Railroaders and Shippers—Local News.

A decision has been recently rendered by the court in Columbus, O., which, if sustained, will settle the legality of the charges made for the delay of cars by shippers under the rules of the car service association. It appears that on a car of lumber hauled by the Pennsylvania company from a point in Michigan to Columbus, O., demurrage charges had accrued by reason of its detention on the track after the prescribed time allowed by the association had expired, payment of which was demanded before the consignee was permitted to unload the car. The consignee contested the legality of the charge and rested his case upon three propositions, viz: first, that the alleged contract for car service was void, because the railway had no authority to make such charges; second, that the company had no lien upon the property for car service under the contract, and, third, that the consignee in Ohio is not bound by a contract executed in Michigan. The court denied the validity of all of these propositions and gave judgment in favor of the railroad company, and in rendering his decision cited numerous other decisions in support of his position. The case will probably be appealed, in which event the outcome will be watched with much interest by both railroads and shippers.

PERSONAL AND NEWS ITEMS.

The car wheel department of the Bass works has shut down until Monday.

The Muncie pay car left to-day for the south to pay the employes along the line.

R. B. Rossington, Pittsburg freight agent, is at his desk again after a weeks' sickness.

The Kerr Murray works have received the contract to rebuild the Port Huron, Mich., gas works.

Gordon Evans has been promoted from the east yards to a place in the Pittsburg freight office.

At a meeting of the Fort Wayne Musical club last evening, Fred Lagerman was elected director.

Paul Brothers will give employment to about forty men when they get their pulley works in operation.

Charles H. Daseler, clerk in the paint store room of the Pennsylvania shops, is not at his desk to-day. He is ill.

The Kerr Murray works have just shipped a gas holder to the North Carolina Field Gas company at Danville, Va.

There are employed on the Pennsylvania system of roads 7,671 locomotive engineers, and their average pay is $112 per month.

L. James, foreman of the paint shop at the Fleming works, has returned from Avilla, where he attended the funeral of his father yesterday.

D. B. Kehler, of the Fort Wayne Furniture company, is near Maysville to-day, where the company has purchased 25,000 feet of fine lumber.

During the month of January there were shipped over the Pennsylvania road 1,573 030 tons of coke, or an average of 393,258 tons per week.

The presidents of the railroads in the Trunk Line association and Central Traffic association have decided to allow all roads west of Buffalo and Pittsburg to make a 1-cent mileage rate allowed to shippers of dressed beef using private cars. This disposes of the Lake Shore's grievance against the Grand Trunk.

C. Laible and L. Gerke, of the Pennsylvania car shops, have returned to work. Both were off on account of sickness.

H. Morhenkey, who works in Captain Harrison's department of the Pennsylvania shops, returned to work this morning, after a month's sickness.

The teamsters met last night in the old Carpenters' hall on Main street, and effected an organization to be known as the Teamsters' Protective union.

Louis Zauner, of the Bass works, who has been ill for some time, is able to be out doors and will resume work again Monday if his health continues to improve.

Fred Meyers, foreman of one of the moulding rooms at the Bass works, is unable to work on account of sickness. Harry Brown is temporarily looking after affairs in Mr. Meyers' department.

The Wabash company have just put on a new switch engine, No. 40. Switch engine No. 80 has been taken into the Wabash shops to receive all the new improvements and to undergo general repairs.

The fountain which the Railroad Y. M. C. A. will place in front of their reading rooms in the spring is not for watering horses, as a city paper stated, but is to be merely a drinking place for thirsty humanity.

A new freight house has been built by the Nickel Plate at Edgerton, this county, near the Ohio line. The Oak Harbor lumber company is located at that place. A telegraph station has also been established there.

F. Boerger and Jacob Baches, boilermakers in the Pennsylvania shops, are on the sick list. F. M. Cherry, of the same shop, who has been very ill for some time, is improving, and hopes to soon be able to resume work.

The commissioners of the Western Traffic association are still engaged at Chicago in the work of formulating a set of rules for the government of the members under the presidents' agreement. They will probably continue in session the rest of the week.

William White severed his connection with the Pennsylvania company in this city yesterday and leaves this week for Wellsville, Ohio, where he has secured the position of assistant foreman in the machine shops of the Cleveland and Pittsburg railroad.

President Breyfogle, of the Louisville, New Albany and Chicago Railroad company, denied that there was any truth in the reports that an issue of $250,000 new stock was contemplated, or that anything was wrong with the management of the company's affairs.

The Lake Shore officials are taking steps towards paving the road leading to their warehouse, on the north side, with Michigan cobble stone. The deplorable condition of that thoroughfare the past two weeks has induced the company to make the improvement as soon as the weather will permit.

The will of the late J. M. McCullough, vice-president of the Pennsylvania, has been filed for probate at Pittsburg. His estate is valued at from seven to ten millions. The will gives to his wife and daughter each one-fourth of the estate, the remainder being left in trust with the executors. Harry Darlington, son-in-law of Mr. McCullough, receives $100,000, and each grandchild a sum on coming of age.

The Minnesota legislature has already spent five days in discussing a bill providing for the granting of railroad passes to the legislators, and the question is still unsettled. The bill makes it mandatory on the part of the roads to furnish members of the legislature with free transportation. Ignatius Donnelly, the farmers' friend, is leading the opposition to the bill, with the belief that he can defeat it by the farmers' votes alone.

The voluntary relief department of the Pennsylvania lines west of Pittsburg has now been in operation nineteen months, and January was the third month in that time in which the Pennsylvania company has been called upon to make good a deficit, the receipts from the members not equaling the disbursements in benefits. The association distributed in death and disablement benefits during January a total of $19,826.50. There were 978 employes who received benefits that month.

John M. Barry, who recently received injuries while working about a "dump" at the Nickel Plate dock, is able to be around again and will soon return to work.

A belief is prevalent in the car department of the Pennsylvania shops that better times are approaching. The men are cheerful and feel confident of being soon put on full time.

T. H. Johnson, of Pittsburg, assistant to the chief engineer of the Pennsylvania lines west of Pittsburg, is in Indiana for a day or two, looking after some proposed improvements here.

Fifteen firemen on the Pittsburg were laid off yesterday and a number of engineers set back to shoveling coal. The cause for this is due to the light traffic on the road. The lay-off will probably last until spring.

Henry Gebhard, of the Pennsylvania Machine shops, who received severe injuries to one of his feet yesterday, is getting along nicely and will soon be at work again. The big toe of one foot was badly mashed.

VAN HOUTEN'S COCOA—Largest sale in the World.

Georgia was settled at Savannah by General Oglethorpe, February 12, 1733.

I have a cousin who is a printer, says ex-Mayor J. B. Loughran, of North Des Moines, Iowa. Some years ago he was employed in this city where they were printing circulars for Chamberlain. He had a deep seated cold and terrible cough, and while setting up copy he made up his mind to buy a bottle. It cured him and that was the first I ever knew of Chamberlain's Cough Remedy. I have been strongly in its favor ever since. My own experience and that of my family convinces me that this remedy is the best in the world. That may be strong language, but that is what I think. CALIFORNIA EXCURSIONS,

Combining Comfort, Economy and Respectability.

The Santa Fe route, realizing the fact that there is a demand for a service to California and the Pacific Coast which will secure to the traveler even a greater degree of comfort than is given on the regular trains, has organized a series of special Santa Fe route excursions on regular dates between Chicago, Kansas City and all California points.

The most successful and satisfactory low rate excursions ever run to California have been over the Santa Fe route, and this company, with its own line from Chicago to California, smooth track and fine equipment will make these excursions more popular and successful than ever.

The excursions leave Chicago every Thursday at 7:50 p.m. from the Dearborn station of the Atchison, Topeka and Santa Fe railroad, and leave Kansas City every Friday at 10:45 a. m. and 11 a. m. They are personally conducted by salaried excursion agents of the Santa Fe route, who accompany the parties to destination, and give personal attention to the comfort of passengers, especially aged persons, ladies and children without escort.

Pullman Tourist Sleeping Cars are used in these excursions, and run through from Chicago and Kansas City without change to California. These cars are furnished with all necessary articles of comfort and convenience, as described elsewhere herein. A colored porter is assigned to each car, under the direction of the regular Pullman conductor. These arrangements give to the passenger every attention obtainable on first-class transportation.

Parties joining the excursions should write to H. A. Bonn, passenger agent, Rialto building, Chicago, who will give necessary information and assistance to passengers regarding tickets, baggage, location in sleeper, etc. Ticket office 212 Clark street, Chicago, corner of Adams street.

A solid train of seventy five cars of lumber arrived in Savannah, Ga., one day last week.

King, Clifford Wallace, Oscar Miller, Charles Cartright, Chas. Lyons, John Anderson and Hugh Beaver. A supper was served at 10:30.

Kate Castleton, the famous actress, commences a two-night's engagement at the Masonic Temple this evening in the greatest of all burlesques, "Faust Up to Date." The performance is an interesting one and Miss Casteton charms her audiences with her splendid singing. "Bonnie Kate" still sings the old favorite, "For Goodness Sakes Don't Say I Told You," and "The Spider and the Fly," in her own inimitable style, and in addition has several new songs which have created quite a sensation. The four original London Gaiety Theater skirt dances are with the "Faust Up to Date" company.

At the Armory headquarters of the Zollinger battery last evening the representatives of the various city base ball clubs met to perfect the organization of a city league. The Pilsners were represented by W. Howey and E. F. Gaffney; H. B. Exports by Perry and Wilcox; Kaisers by John Voirol; Zollinger Battery by Lieut. Ranke and M. J. Cleary. Officers ware elected as follows: President, M. Belger; vice president, W. Howey; secretary, Lieut. Ranke; directors, E. F. Gaffney, Capt. Mungen and J. Coy. The Kaisers withdrew from the city league because of a clause which by vote was ordered to be inserted in the constitution and by-laws, and they refused to sign the agreement. The clause was: "No non-residents of the city shall at any time be eligible to play in any of the city league clubs in any of the championship games of the regular schedule."

Henry Castleman and Josephine Kline have been licensed to wed.

A large number of the "Faust up to Date" company stopped at the Aldine.

The Monroeville Breeze says: "W. F. Lewis, formerly of this place, now of Fort Wayne, was in town Sunday and Monday last.—J. B. Davis, manager of the Fort Wayne Press, Sundayed in town with his family.—Mr. and Mrs. G. C. Hunsicker spent Sunday last in Fort Wayne, the guest of their daughter, Mrs. C. C. Meyers."

THE SENTINEL counts its lady readers by thousands, and they are earnestly invited to the woman's meeting next Sunday at 3:30 in the Tabernacle of the people. Fully 1,000 ladies will be in attendance if previous years is any criterion. Come and make one of the throng! The text of Pastor Northrop's talk is: "Orpah Kissed Her Mother-in-law, But Ruth Clave to Her." Good singing! Brief service! Inspiring meeting? Come without fail! Doors opened at 3 o'clock and closed at 4.

Notice.

An invitation is hereby extended to the clergy of the different denominations in the city and to all the civic societies of the city, to participate in the Sherman memorial exercises at the Masonic Temple and the English Lutheran church, on Sunday, the 22d, inst. The civic societies willing to parade on that date will please report to the grand marshal, Col. C. A. Zollinger, at Sion S. Bass post hall, Sunday, at 1:30 o'clock.

BIG RICHES

Come to Mrs. Henry Hyman, of Payne, Ohio.

It is stated that the wife of Henry Hyman, of Payne, Paulding county, has recently fallen heir to $40,000 by the death of a wealthy uncle. Mr. Hyman is a brother of Phillip Hyman, of this city.

TOLD BRIEFLY.

Interesting News From Different Parts of Indiana.

John Nichols, accused of the murder of Lincoln Eurisman, near Assumption, in December last, has surrendered to the authorities at Shelbyville.

A number of parties under suspicion of petty thievery in Johnston township, Clinton county, received "white cap" warnings and fled the country.

The hardware store of Messrs. Williams & Henderson, at Walkerton, burned yesterday. Altogether four buildings were consumed. Loss, $15,000; insurance light.

The drill has penetrated nearly 1,300 feet in the efforts to find natural gas at Richmond, and the boring will be continued until 2,000 feet in depth is reached.

George Shearer, of Huntington, proprietor of an elevator, has discovered after nearly twenty years that he has been daily pouring oil into an opening that had no connection whatever with the journal, and for all the good it did it might as well been thrown into an alley.

Mrs. Nellie Bagott, of Clay City, is dead. She was the divorced wife of William Bagott, connected with the prison south, who, in 1886, forged bank paper, and with the money thus obtained eloped with another woman. He went to Mexico, but was decoyed across the Rio Grande at Brownsville and captured, after which he was brought back to Indiana and sentenced for two years. Mrs. Bagott was aged twenty-nine and the daughter of Alexander Brighton, ex-treasurer of Clay county.

John W. Graeter, who murdered Isadore Meyer and Conductor E. W. Leach on a Pullman car, near Bald Knob, Ark., is a native of Vincennes, where he has resided all his life, and he is a brother of George W Graeter, owner of the Vincennes street railway, and Joseph Graeter, a merchant, of El Paso, Texas. His family is one of the oldest in Vincennes, and is prominently identified with the early history of the territory and state. Two years ago he became possessed of valuable property interests by the death of his father, and for the past year he has been steadily dissipating. The first indications of insanity came three weeks ago. While en route for California he was found prowling around a Catholic church at Fort Worth, Texas, barefooted, hatless and without his coat. He was returned to Vincennes in a weak condition, physically, but seemingly all right mentally, and on Monday last he started again on the trip to California. He is aged thirty-eight and unmarried.

"What you coughing yet my friend?" "Of course! my cold is no better." "Well, don't stand on the order of going, but go to the druggist and get a bottle of Dr. Bull's Cough Syrup quick." He went, and he was straightway made happy.

For burns, scalds, and other wounds Salvation Oil has proved itself to be the best remedy ever used. All druggists sell it for 25 cents a bottle.

FOOLISH WOMAN.

Why Will They be so Thoughtless and Careless Even About Matters Which Concern Their Beauty.

The plainest features become pretty when clothed with fresh, velvety skin. It is in the power of every woman to have a soft, fine skin, thus adding much to her charms if she will devote a little time and care to her toilet. It should be a duty as well as a pleasure to every woman to enhance her powers of attractiveness

So says the highest authority in London, but nothing can be more absurd than for any lady to try and be beautiful simply by powdering the face or applying cream or ointment These things are necessary, it is true; but something else is more important Good refreshing sleep. Warm circulating blood which never permits cold feet and blue noses. These things make beauty quicker than any powders or lotions can. But, my lady reader says, how can this be done? Keep the blood moving by some gentle stimulant, and for this purpose nothing is equal to pure whiskey. Not the whiskey one commonly hears of; not the questionable kind that is drank by gross men in grosser places, but something pure, palatable and pleasing. This is precisely what Duffy's Pure Malt Whiskey is and what has made it so immeasurably popular. The best doctors in the land prescribe it. The finest scientists endorse it. In it all those qualities are found which make it a great friend to women. It relieves the sufferings to which they are subjected and counteracts the wearing effects which so often cause women to grow old prematurely.

Duffy's Pure Malt Whiskey will, taken with a little water, tone up the system and replace languor and weakness with brightness and vigor. It is being used by the leading ladies of the land. But be sure and secure the genuine and take only Duffy's.

BIG RICHES

Come to Mrs. Henry Hyman, of Payne, Ohio.

It is stated that the wife of Henry Hyman, of Payne, Paulding county, has recently fallen heir to $40,000 by the death of a wealthy uncle. Mr. Hyman is a brother of Phillip Hyman, of this city.

Interesting News From Different Parts of Indiana.

John Nichols, accused of the murder of Lincoln Eurisman, near Assumption, in December last, has surrendered to the authorities at Shelbyville.

A number of parties under suspicion of petty thievery in Johnston township, Clinton county, received "white cap" warnings and fled the country.

The hardware store of Messrs. Williams & Henderson, at Walkerton, burned yesterday. Altogether four buildings were consumed. Loss, $15,000; insurance light.

The drill has penetrated nearly 1,300 feet in the efforts to find natural gas at Richmond, and the boring will be continued until 2,000 feet in depth is reached.

George Shearer, of Huntington, proprietor of an elevator, has discovered after nearly twenty years that he has been daily pouring oil into an opening that had no connection whatever with the journal, and for all the good it did it might as well been thrown into an alley.

Mrs. Nellie Bagott, of Clay City, is dead. She was the divorced wife of William Bagott, connected with the prison south, who, in 1886, forged bank paper, and with the money thus obtained eloped with another woman. He went to Mexico, but was decoyed across the Rio Grande at Brownsville and captured, after which he was brought back to Indiana and sentenced for two years. Mrs. Bagott was aged twenty-nine and the daughter of Alexander Brighton, ex-treasurer of Clay county.

John W. Graeter, who murdered Isadore Meyer and Conductor E. W. Leach on a Pullman car, near Bald Knob, Ark., is a native of Vincennes, where he has resided all his life, and he is a brother of George W Graeter, owner of the Vincennes street railway, and Joseph Graeter, a merchant, of El Paso, Texas. His family is one of the oldest in Vincennes, and is prominently identified with the early history of the territory and state. Two years ago he became possessed of valuable property interests by the death of his father, and for the past year he has been steadily dissipating. The first indications of insanity came three weeks ago. While en route for California he was found prowling around a Catholic church at Fort Worth, Texas, barefooted, hatless and without his coat. He was returned to Vincennes in a weak condition, physically, but seemingly all right mentally, and on Monday last he started again on the trip to California. He is aged thirty-eight and unmarried.

"What you coughing yet my friend?" "Of course! my cold is no better." "Well, don't stand on the order of going, but go to the druggist and get a bottle of Dr. Bull's Cough Syrup quick." He went, and he was straightway made happy.

For burns, scalds, and other wounds Salvation Oil has proved itself to be the best remedy ever used. All druggists sell it for 25 cents a bottle.

A TIE-UP IMMINENT.

The Employes of the Pennsylvania System Assume a Threatening Attitude.

PITTSBURG, Feb. 20.—The firm refusal of the Pennsylvania road, to consider at all the proposals of their men for an advance, has created a stir in railroad circles here. General Manager Wood, of the company, says no proposition of an increase in wages, at least, will be accepted, and the men say it either means this or a tie-up from Jersey City to Chicago, with all branches. There are 102 members of the general grievance committee here, and yesterday the brakemen and firemen held two very unsatisfactory conferences with the railroad officials. To-day the officials meet the engineers and conductors, but it is thought no agreement can be arrived at, as all the organizations stand together in their demands for an advance in wages.

Messrs. Howard, Sweeny and Sergeant, of the supreme council of the United Order of Railway Employes, are here. The other members, including P. M. Arthur, will arrive to-day. Conferences with the company and the committees of the different organizations will be held during the remainder of the week, and the final decision of the council may not be reached for several days.

WOULD NOT WEAR TIGHTS.

Matrons of New Haven Object to Pink Tights in a Play.

NEW HAVEN, Conn., Feb. 20.—In a few weeks Antigone, the Greek play, will be presented at the Hyperion theater by a company which includes some of the best amateur talent in the city. Mrs. H. Grant Thompson will be the leading lady. Another company, with Justine Ingersoll as leading lady, will present Pinafore a few days later, also at the Hyperion. The rehearsal for the latter piece has resulted in a breezy discussion of whether it would be proper for the leading society women of New Haven to appear in tights before the public. When some of the married ladies heard they were going to wear tights in the piece they protested, and Frank D. Nelson, the manager, found himself in hot water. Some of the young unmarried women upheld Mr. Nelson, but they were voted down. Mr. Nelson consented to abandon the idea of tights.

There is the greatest rivalry between the two companies. Miss Ingersoll, who is without doubt the most talented amateur actress in the state, and one of the best known socially, was not included in the cast made up for Antigone, and she was very naturally piqued. She then resolved to select a company and transcend the presentation of Antigone by securing the talent not in the cast of the Greek play, and presenting Pinafore.

BEER BREWERS

Meet at Brooklyn to Protect Their Interests.

NEW YORK, Feb. 20.—Lager beer brewers, representing $8,000,000 of capital, met yesterday in Brooklyn and perfected arrangements for forming a rival pool to protect the interests of those who were left out of the combination made in November, 1886. One of the members of the new pool said that the only objects of the combination were for mutual protection, the upholding of a good standard of beer, the keeping of the members in good standing with the board of trade, and to have some standing with the legislators at Albany.

Mining Rates for the Coming Year.

BRAZIL, Feb. 20.—The coal operators of Indiana, acting wholly independent of the United Mine Workers of America, will shortly fix upon a scale of mining prices for the year beginning May 1, next. As a body they withdrew from the national order two years ago. For the past year the mines have been operated on their scale, which at least has secured fair work on an average. The scale has not been as high as might be desired, but it has enabled the operators to regain their trade, lost by the great seven months' strike in 1889.

With trade regained, and with new customers, the prospect for paying a better scale next year is fair. The national order demanded a larger advance, however, than is likely to be made.

G. Bennett Returned to Lafayette.

LAFAYETTE, Ind., Feb. 20.—Sheriff McKee has returned from Michigan City, bringing with him George Bennett, the young man who, on November 3, shot and instantly killed William Scott and fatally wounded John Werkhoff, the latter dying on the 8th of that month. After his arrest a masked body of men called at the jail on the night of November 9, but the sheriff had been warned by Mrs. Bennett, and had slipped away with the prisoner. He was taken to Lebanon, and thence to Michigan City. There is no longer any excitement here.

Young Woman Commits Suicide.

JEFFERSONVILLE, Feb. 20.—Ada Johnston, aged twenty-three, committed suicide by taking strychnine last night. Ed. Wyatt had promised to visit her last evening, but failed. At 8 o'clock she procured the poison, took it and laid down in bed. At 9 o'clock the family was alarmed by her convulsions, but had no suspicion of poison. At 11 o'clock she died. Not a line or word was left by the girl to explain.

KILLED IN COLD BLOOD.

Another Murder Perpetrated by the Cuban Government.

NEW YORK, Feb. 20.—A letter reached this city last night, dated Havana, Cuba, February 11, which gave an account of another cold blooded murder by the Cuban government on the 7th inst.

Four weeks ago Manuel Garcia, a police officer, captured a band of robbers, whose leader was Domingo Montelongo. After the capture Montelongo was approached by a representative of the government, who told him that if he and his friends would leave the country the government would see that they ran no risk in doing so. Montelongo hesitated, saying that he feared that they would be captured and shot. Finally, however, he decided to leave. He was allowed to select the friends whom he desired to accompany him, and he chose Eulogio Rivero, Perico Rivero, Juan Rojo and Francisco DelGado. Eulegio Rivero's young wife and child also accompanied the party, which started for Havana by the Villanueva railroad. The train arrived at Havana about noon, and at 4 o'clock in the afternoon the bandits rowed to the steamer, the Baldomaro Volesius, which was to take them to Venezuela, in South America. Their baggage was stowed away, and the party was treated as ordinary passengers.

Mrs. Rivero went below to the second cabin to put her six-months-old baby to sleep. The men remained on deck and smoked. About an hour before Montelongo and his party arrived at the ship, Inspector Solano and fifteen gendarmes had boarded the vessel and divided into two parties. One party was stationed under the stairs leading from the deck to the second cabin, and the other was stationed in convenient hiding places near the second cabin, which the bandits were to occupy. When the men had finished their cigars they started for their cabin. Montelongo went ahead. As he was about to enter the cabin he saw, through the half open door, the uniform of a gendarme and glittering pistol. He turned to his companions and shouted: "We are sold! The police!" The police opened fire. Perico Rivero fell, riddled with more than a dozen bullets. Juan Rojo had nothing but a dagger, yet with this he did some desperate fighting. He was soon killed, however, by the bullets from the revolvers of the police. Mrs. Rivero rushed out of her cabin and was severely beaten by one of the officers. She dropped to the floor insensible. The gendarmes finally drove the rest of the party to the deck and continued their firing, frightening the other passengers and wounding several. Montelongo and Eulogio Rivero dropped over the side of the vessel into a small rowboat and compelled the owner to row for shore. The police sent a shower of bullets into the little boat and killed both the bandits. Rivero dropped into the sea. The bodies were recovered and taken to the city. Mrs. Rivero, who was horribly wounded, is under arrest in the prison hospital. The newspapers are bold in their denunciation of this brutal murder. The officials, however, say that it was the surest way of getting rid of the bandits. The lives of all the passengers on the ship were endangered, and great excitement prevails among them and their friends.

BOUND TO HAVE A WIFE.

He Didn't Like His Stranger Fiance and Married Her Sister Instead.

HARMAN, Ohio, Feb. 20.—Miss Mollie Cecil was last week married to C. W. Burdick, an Illinois man, Burdick, without any acquaintance with the Cecil girls, had for a year been corresponding with a sister of the girl he married. He came on to see and marry the young woman. When they met their mutual dislike was so marked that a wedding was impossible. However, to avoid a sensation, Burdick remained a few days. He saw, wooed and won the sister of his correspondent. They concluded to marry before his return, and the sister who first expected to wed Burdick gave to the one who really married him her wedding dress and the young bride wore it at the ceremony.

NO NUTRIMENT IN PROMISES

The Sioux Chiefs Not Satisfied With Their Visit to Washington.

CHICAGO, Feb. 18.—The Sioux Indians who have been to Washington have reached this city on their way back to Pine Ridge. Young-Man-Afraid-of-His-Horses said: "We had some promises, but they are like all other promises of the great father. We are not fooled, and we go home with heavy hearts. We wanted General Miles, but he did not come. We shall tell our people that we have got more promises. Then they will laugh at us and call us old men."

An Indiana Town Suffers by Fire.

SOUTH BEND, Ind., Feb. 20.—Walkerton, a prosperous town in this county, was visited by a disastrous fire yesterday morning, probably the work of an incendiary. The flames were discovered about 5:30 o'clock

FRIGHTFUL WRECK.

A Collision in a Tunnel on a New York Road Causes Great Loss of Life.

NEW YORK, Feb. 20.—The New Haven regular local passenger train, which left the Grand Central depot at 7:01 to-day, was run into in the Fourth avenue tunnel shortly afterward by a yard engine attached to several cars. The crash was something terrific, and both trains and engines were completely wrecked. The cars of the passenger train immediately caught fire from an overturned stove, lighting up the scene of the wreck and making the work of destruction still more horrible. Two alarms of fire and calls for ambulances were immediately sent out, and physicians from Bellevue and Harlem hospitals, accompanied by several fire engines, were soon on the spot.

The following statement was made by the officers of the New York and New Haven road: The doomed train was the New Haven regular local passenger train which left the Grand Central station at 7:01 a. m. The collision occurred near Eighth street in the Fourth avenue tunnel. It was, with another train, coming on the same track. The last car of the New Haven train took fire. The engineer of the New Haven train was instantly killed. At 8:45 the body of a woman burned to a crisp was brought to the surface. The engineer of the other train had one of his legs burned off and another employe was badly burned.

ANOTHER REPORT.

NEW YORK, Feb. 20.—An appalling disaster occurred shortly after 7 o'clock this morning in the Fourth avenue tunnel, near Eighty-fifth street, in which two women and four men met their death and several other persons were seriously injured. All were employes of the New York, New Haven and Hartford railroad. The accident was caused by the New Haven accommodation train which left the Grand Central depot at 7 o'clock and crashed into the shop train, the rear car of which was filled with car cleaners and other employes bound for the railroad shops at Mott Haven and which had left the depot five minutes ahead of the New Haven train.

RAILROAD WAR.

The Nickel Plate Don't Want the B. and O. Let in at Bellevue.

BELLEVUE, Feb. 20.—Mr. Lewis Williams, of the Nickel Plate railroad, met Mr. Moore, of the proposed Sandusky and Columbus short line road, here Monday, and, at the request of Mr. Williams, one of our most prominent and influential business men was present.

Mr. Moore has claimed all along that the Nickel Plate was friendly to the project, but Mr. Williams said that Mr. Caldwell had already told Mr. Moore that the Nickel Plate would fight the road should they attempt to run through town on Railroad street, which has already been given the Nickel Plate and which the people of the proposed Sandusky and Columbus road tried to get by rushing an ordinance through at the last council meeting.

This route would always be a source of danger to both roads and a great inconvenience to the Nickel Plate, as it would ben in and cross their yards.

Mr. Williams also said that should this proposed road get the right of way, then the Nickel Plate would remove their yards from here.

This would be a very serious matter for the town, as the Nickel Plate pays out about $15,000 per month here, and it would take away about 1,000 inhabitants.

BIG OIL DEAL

In Which the Standard Company Has a Stinger.

PARKERSBURG, W. Va., Feb. 20.—One of the largest deals ever made in oil producing territory has just been concluded between E. M. Hukill and the Standard Oil company. The property comprises 20,000 acres of land in Green county, Pennsylvania, and in Monongahela and Marion counties in this state, upon which is a distinct oil and gas field, owned and operated by Hukill. The price paid was $700,000. Mr. Hukill parting with all his property except three tracts of land about which there is a litigation. In this connection it may be said that the Standard Oil company is at present leasing and buying immense tracts of oil land. They have bought the entire county of Gilmore outside of the county seat, nearly all of Doddridge county, and part of Mason, and every day new tracts are sold to them.

NEARLY FROZEN TO DEATH.

Sad Experience of a Crazy Man at Crawfordsville.

CRAWFORDSVILLE, Feb. 20.—Thomas Ward, aged sixty years, was found yesterday morning lying along the railroad near New Richmond, nearly frozen to death, and he will die from the exposure. He was clad only in his shirt and drawers. An investigation showed that he had undressed in the middle of a field last night, it being the supposition that he thought he was at home and preparing to go to bed. During the night he had walked through a pond, and in breaking through the ice his feet had been cut to such an extent that the ground was colored with blood for some distance. He was a well-known citizen and his derangement has come suddenly upon him.

REPUBLICAN SCHEME

To Unseat Colonel Brice as the Senator From Ohio.

WASHINGTON, Feb. 20.—Certain Ohio republican politicians here are extremely busy trying to secure evidence which will open the question of Calvin S. Brice's right to a seat in the senate, as senator from Ohio. The protesting memorial signed by the republican members of the legislature and the members of the republican state executive and central committees was brought here to Senator Sherman by State Senator Richards last week. The politicians working the scheme here are getting certificates from the census bureau, showing Col. Brice and his son enumerated as residents of New York city. Copies of various contractors' bonds alleged to have been signed by Col. Brice as a resident of New York, notably the aqueduct bond, are also to be procured and used. The scheme is to allow Brice to be sworn in March 4, then have Senator Sherman present the petitions and protests, and upon them as a foundation the contest on the ground of non-residence is to be made. Whether or not Senator Sherman will become a party to this scheme remains to be seen, but it will be urged upon him as a matter of political expediency. If Brice's seat was declared vacant, and there were two elections of senators to be made by the next Ohio legislature, it is argued that the war within the republican party in that state would cease, and the various factions would pool their issues to elect both senators instead of quarreling over the choice for one.

MADE THE CIRCUIT.

Louis Schroeder Returns From Several Base Ball Towns.

Louis Schroder returned home this afternoon, after having made the circuit of a number of towns, with the object of learning what are the prospects for their entering the state base ball league. He was at Richmond, Kokomo, Muncie, Anderson, Marion and Lafayette. He says the campaign is on in all of the above places for the purpose of organizing clubs, but the outcome is yet uncertain. Richmond is doubtful, and one or two other places are by no means sure, but South Bend is anxious to come in and so is Logansport, so that it looks favorable for the organization of the eight-club league. Several interested parties at Huntington are desirious of making the venture but this place will hardly be in it.

JUDGE BERKSHIRE DEAD.

The Distinguished Jurist Called to a Higher Tribunal.

COLUMBUS, Ind., Feb. 20.—Hon. John G. Berkshire, one of the judges of the supreme court, died at his home at North Vernon at 5 o'clock last night. He served eighteen years in succession as circuit court judge, then practiced law six years, and was then elected supreme court judge on the republican ticket in 1883 and had served in that capacity about two years. His sickness was typhoid pneumonia, superinduced by a heavy cold, and was of about ten days' duration. He was fifty-nine years of age. This is the second death on the supreme bench within the past two months.

DELIRIUM TREMENS

Prevents a Slick Swindler from Escaping.

YOUNGSTOWN, O., Feb. 20.—George Clark, a machinist by trade, who came here two months ago from Pittsburg, was jailed to-day, charged with attempting to swindle E. A. Bunts, a cigar merchant, out of $1,000. Clark represented that he had money to loan deposited in the First National bank of Pittsburg, and secured Bunts' note for $1,000, giving him a draft. The draft was returned marked "no funds" and Clark arrested. Shortly after his arrest he was stricken with delirium tremens, and is in a critical condition.

SIX FINGERED PERSON.

One of the Base Ball Players Promised for Fort Wayne.

Guy Hecker has notified William Meyer that he will take charge of the Fort Wayne base ball team the coming season on terms submitted to him. Consequently the following from the New York Daily Continent will be interesting: "Fort Wayne, Ind., is after Hecker, of the Louisville base ball club. If he signs with them Pitcher Gray, of the six fingered and six toed fame, will go with him."

STORM AND EARTHQUAKE.

Wind and Fire Add to the Terrors of the Trembling Earth.

VIENNA, Feb. 20.—A terrific storm passed over Presburg, Hungary, to-day, unroofing houses, tearing up trees by the roots and doing an immense amount of other damage.

The storm was followed by an earthquake, which caused two large fires. One of the buildings which took fire was a girl's college, several of the inmates of which were injured by jumping from windows. No one was hurt seriously.

MEASE GETS TWO YEARS.

The Fat of Martin Mahan is "Let Off Easy" by the Columbia City Jury.

The testimony in the case of James Mease, who has been on trial this week at Columbia City on the charge of assault with intent to kill Officer Kennelly at Churubusco, in the fight the officers had with Kuhns, the desperado, was concluded yesterday afternoon and the jury retired for deliberation. They were out deliberating over the testimony the greater part of the night, and this morning returned a verdict. The first report of the verdict was a telephone message sent this morning from Columbia City by the Whitley county sheriff to Sheriff Viberg. Chief Deputy P. J. Wise was at the instrument when the message was received here. "The jury have returned a verdict in the Mease trial" were the first words. "Well, what is it?" inquired Mr. Wise. "Mease gets two years," was the answer. "Is that all," replied the chief deputy.

The verdict is a sort of surprise among the officers in this city, and it is looked upon as a very light verdict.

COURT CULLINGS.

In the circuit court this case of the state vs. Will Franz on appeal from Justice Wilkinson, was tried yesterday afternoon before a jury, and resulted in an acquittal.

In Justice Ryan's court an affidavit was filed against William Vogel by his wife, charging her husband with assault and battery.

Harley J. Burgett has commenced suit in the circuit court, through his attorney, H. I. Smith, to foreclose a mortgage against Johanna Redeizke, et al., claim $900.

The provoke case of the state against Fred Kinley was called in Justice Tancey's court this morning, but the prosecutor, Julius Rath, failed to put in an appearance. An attachment was issued for him and the hearing of the case set for Monday afternoon at 2 o'clock. The parties reside in Lake township.

MARRIED AND INTERESTING.

The Fight Between Farmers and the Postal Telegraph Company.

BRAZIL, Ind., Feb. 20.—The war between J. K. Miller, who represents the farmers along the route, and the Postal Telegraph company is becoming interesting, and is likely to result seriously for Miller. Poles were cut in front of Miller's farm early in the campaign, until half a mile or more of the wire was down. He was arrested, charged with the misdeed, but was acquitted by a justice on insufficient evidence. On Friday, when the linemen came to repair the damage, Miller swore out a warrant for trespass and secured their arrest. They were acquitted of the charge by a neighboring justice, and Miller was at once rearrested, this time on an order from the court, for malicious trespass and perjury. He was brought to this city and imprisoned, in default of $300 bail, but has since been released on bond. He will have a hearing at the next term of court.

Miller's rearrest, in connection with the lineman's acquittal, has brought a temporary lull in the fight. It is evident, however, that the farmers are but awaiting developments. They claim that the company should pay for right of way. The company, on the other hand, claim to have purchased right of way of J. H. Blake, of Terre Haute, who years ago acquired certain franchise from the state, which enables him to give the company a perfect title.

BROKE JAIL.

By Scaring the Sheriff Into Insensibility Seven Prisoners Escape.

BRADFORD, Penn., Feb. 20.—Seven of the worst prisoners in the county jail at Smithport, escaped at 7 o'clock last night. When Jailer Dan Dwyer entered the hall of the jail to lock the prisoners in their cells for the night he was pounced upon by two of the prisoners, choked and pounded into insensibility, while other prisoners put an iron bar in the grating and prevented Mrs. Grubb, the sheriff's wife, from locking the door.

Reddy Mack, in for highway robbery, then seized the sheriff's wife and held her until the criminals got away. He then threw her aside and made a flying leap through the window.

The escaped prisoners names are Reddy Mack, highway robbery; Ernest Sobayler and Andy Barr, burglars, "Indian" White, assault and battery, Thomas Powell, John Smith and one other whose name is not given. Searching parties are after the fugitives.

HEIR TO SEVEN MILLIONS.

A Kansas Farmer Overtaken by Fabulous Luck.

LEAVENWORTH, Feb. 20.—Frederick Theis, a farmer in the Salt Creek valley, has gone to California in response to a telegram announcing the death of an unmarried brother, who leaves him property and lands estimated at seven million dollars.

Knocked Off a Bridge.

HARTFORD CITY, Feb. 20.—Michael Forrott, a farmer near Keystone, fifteen miles north of this place, had a narrow escape from death Wednesday night. A train knocked him off the Pan Handle bridge over Lick creek, twenty-five feet of a fall, and he lay where he fell during the night. He was discovered this morning nearly frozen and taken to the paper mill close by, where he thawed out. He has several bad cuts about the head and is terribly bruised, but it is thought that he will recover.

MURDEROUS LOVE.

Her Throat Cut From Ear to Ear by Her Frenzied Admirer.

WINCHESTER, Ind., Feb. 20.—A horrible murder was committed a few miles east of her, the parties to the tragedy all being colored. It seems that Anderson Boswell, a young man about twenty-six years old, made his home near to that of a man named Boss, who had a young wife about twenty-seven years old. Boswell was frequently seen at the Boss residence, and yesterday evening, Boss being away from home, Boswell went there and remained until about 1 o'clock. Mrs. Boss, her cousin, a man about thirty years of age, and a young lady and a small boy were also there.

About 1 o'clock Boswell started as though he were going home. Mrs. Boss finally went out of the house, remaining for a time, when she was heard to scream and run into the house, bleeding from a gash across the throat. The man in the house ran to alarm the neighbors, leaving the young lady to hold the door, when Boswell rushed in and, seizing his victim, cut her throat from ear and ear, and also stabbed and cut her in other parts of the body, killing her instantly. He then went to his home, hitched up his horse and buggy and left.

It is reported that Boswell was madly in love with Mrs. Boss, and his attentions being disregarded by her was the cause of the tragedy. Sheriff Fletcher, of this city, with a posse of officers, is in hot pursuit of the murderer, and his escape will be almost impossible, but as yet there is no clew as to his whereabouts.

AFTER HER CHILD.

The Hiding Place of the Youngster Revealed Through a Damage Suit.

COLUMBUS, Ind., Feb. 20.—Fourteen years ago Thomas Hart was married to Julia Hunt in this city. One child was born—a girl. After a few years they opened a restaurant and kept boarders, but Hart soon grew jealous of the attentions paid his wife. She was a perfect type of auburn womanhood—vivacious and full of fun. Hart, was ugly, morose, sullen and of a suspicious disposition. Their differences widened and a separation followed. A decree of divorce and custody of the child was granted the husband. The mother soon after came in possession of considerable money and visited Indianapolis, St. Louis and Chicago, living for a while at each, occasionally coming back here to get possession of her little girl, but the husband, who had a large circle of relatives, always succeeded in keeping the child hid. Last fall the husband was missing several days and it was known he had taken the child away with him, but when he came back he refused to tell where he had been or where he had left the child. A little later his trip was developed by his bringing suit in the circuit court here against the Pennsylvania Railroad company for $5,000, alleging that he bought a round trip ticket to Lincoln, Neb., and that the execution of his signature and identification was refused by the agent at Chicago, in consequence of which he missed his train, and had to pay his fare home to this city. A few days ago the mother arrived here again in search of her little girl, and learned that the husband, while in Nebraska, had placed it in a convent in a town not far from Omaha, and left yesterday morning prosecuting her search.

THIEVES CAUGHT.

Officers Locate Stolen Property and Make Numerous Arrests.

ELKHART, Feb. 20.—Yesterday the police came down in the country a few miles north of here on a big gang of thieves, known as the Nagle gang, and found an immense amount of stolen plunder that they had hidden in a storehouse of their own manufacture. Farmers throughout this neighborhood have for months lost large quantities of valuable articles, but could not locate the goods. Yesterday they captured old man Nagle and wife and their two sons, while others will be caught. One of the gang, Al Sears, was recently released from prison, having been sentenced for abducting a girl in Michigan.

THE WIRES DOWN.

Severe Storms Demoralize the Telegraph Service East and West.

The storm of sleet and rain which prevailed last night has demoralized the telegraph service of the country from the Allegheny to the Rocky mountains. At 6 o'clock last evening the lines commenced to show the effects of the storm and communication between the east and west was seriously impaired. This morning the Chicago lines would not work at all, and about 10 o'clock the lines east of Erie, Pa., went down, cutting off communication with New York.

The Weather.

WASHINGTON, Feb. 20.—For Indiana: Snow or rain; slightly colder.

A DOUBLE BEREAVEMENT.

One Child Hardly Buried When Another One Dies in the Same Family—The Deaths.

Last night, at the residence of Mrs. Helen Monahan, No. 6 Kansas street, occurred the death of Michael, the little son of Mr. and Mrs. James Noonan, of Chicago, formerly of this city. A few days ago the parents brought here for burial the remains of their beloved daughter Mary, aged five years, who died of diphtheria. En route their son Michael was prostrated with the same disease, and while the earth was still fresh over his sister's grave, he passed away. The dead boy was tenderly laid away this morning, and two headstones denote the painful loss to the bereaved parents.

THE BODY CLAIMED.

The body of T. J. Post, the traveling man who suicided by shooting himself yesterday morning, has been claimed by his parents, who live at Chesaning, Saginaw county, Michigan. Clarence W. Danforth, a funeral director of Bay City, arrived here and took charge of the body at the instruction of the Most Worshipful Master of the Masonic lodge at Bay City, under the auspices of which the obsequies will be held, as the deceased was a member in good standing. The remains were shipped home to-day.

OTHER DEATHS.

Carley G. Gay, the infant daughter of Mr. and Mrs. Gay, of Home street, died suddenly yesterday afternoon of bronchial troubles. The funeral took place this afternoon at 2 o'clock from the Walton avenue M. E. church.

The funeral of Henry, the eight-months-old child of Jacob Keesee, 521 East Lewis street, was held from St. Mary's Catholic church at 9 o'clock this morning.

August Jacot, a Frenchman who had been in the employ of the city for about twenty years on the street commissioner's force, died at the St. Joe hospital to-day. The man had been drinking too hard. It is not known that he had a family. The remains are at Schenman & Klaehn's undertaking rooms.

Andrew Sneckhauer, a resident of Adams township, just beyond the corporation limits, died of lung fever to-day, aged fifty two years. A widow and [illegible] survive him. Funeral Sunday at 2 p. m. from the house.

A NEW PLANT.

Prospects for a Paving Brick Manufactory in the City.

A guest at the Aldine hotel to-day is M. Levi, a representative of the Adamantine Brick and Paving company, of West Virginia, with headquarters at Charleston. Mr. Levi is here on business matters and is looking over the ground with a view to establishing a plant here for his company for the manufacture of paving brick. The manufacturing concern has a substantial corps of officials, its directors being as follows: Hon. A. B. Fleming, governor of West Virginia, president, Charleston, W. Va.; Hon. P. F. Duffy, auditor West Virginia, Charleston, W. Va.; Hon. W. T. Thompson, treasurer West Virginia, Charleston, W. Va.; Hon. J. H. Russell, Huntington, W. Va.; Hon. R. T. Herndon, Charleston, W. Va. The officers are: Gov. A. B. Fleming, president; J. H. Russel, treasurer; R. T. Herndon, secretary.

It is not known what impression Mr. Levi will gain of this city as a point for location, but from his expressions he is favorable to it and will no doubt so report to his company.

THE RESERVOIR AGAIN.

A Petition to be Presented to the Council Next Meeting.

A petition is being circulated among property owners of the south side asking for a completion of the water works reservoir. The petition will be submitted to the common council at the next meeting. The prayer is for a provision to finish the work as proposed before the council and recommended by a committee of that body some time ago, not urging it to be done now if the city finances do not permit it, but more for preparation looking to a sure prosecution of the work when a suitable time presents itself. In plain words it is a reminder to the municipality that the plans heretofore laid out should not be allowed to go by default. The improvement asked for is to beautify the reservoir and provide an easy approach to the summit. It is represented in the petition that there is no other spot in the city more attractive for its sight seeing advantages than this expensive mound of dirt and furthermore that no city privilege is so generally partaken of as the one in question.

TWO THOUSAND LOAVES.

Colonel Geary Buys Bread for the Flood Sufferers.

The generous acts of Manager Geary, of the World's museum, have been the subject of much comment since his arrival in this city. His latest act is to send a check to pay for two thousand loaves of bread, to be divided equally between the flood sufferers of Pittsburg and Allegheny. Mr. Geary formerly lived in Pittsburg and the suffering there touched the sympathetic chord in the colonel's colossal heart.

TOLL roads will soon be a thing of the past in this county.

WASHINGTON'S birthday will be appropriately observed in this city next Sunday.

THE internal revenue collectors' report shows that 357 liquor licenses have been issued in Allen county for the present year.

THE new mile track trotting association has $12,500 subscribed towards its capital stock, and steps are taken to lease ground.

THE new Y. M. C. A. literary society is on its feet. Our citizens should give it encouragement by attending their exercises.

A BILL has been introduced in the Indiana legislature to permit cows to run at large in towns and cities. Please let Fort Wayne be exempted from its provisions.

THE proposed new state line between Indiana and Ohio would make a change in Indiana's vote of about 5,000 in favor of the republicans. The change of the state line, however, will not be made.

IT is told at the expense of Representative Haggard, of Lafayette, that on clear days his voice can be heard two miles, and for that reason he is regarded as a great orator in Tippecanoe county.

THE stormy weather and the slippery sidewalks kept many people from attending religious meetings last night. It did not, however, prevent a large crowd from attending the Masonic Temple to witness a theatrical performance.

E. D. RANDOLPH, of Lafayette, carried off the honors in the oratorical contest at Wabash college, there being eleven contestants, and he will represent that institution in the state contest. His theme is "The Victims of Peace." Henry Little, of Dennison, Texas, stood second, and Claude Thompson, of Crawfordsville, third.

AN exchange says a lady cured her fifteen-year-old son of cigarette smoking by the laying on of hands. She had a slipper in one of them and held the boy with the other. The remedy is said to be an excellent one. It beats moral suasion all hollow, and might be tried with good results on some of the boys in Fort Wayne.

FROM a special census bulletin just issued at the census office relating to convicts in penitentiaries it is ascertained that the total number of convicts in the Michigan City penitentiary is 756, of whom 356 are natives, 68 foreign born, 76 negroes, and 24 mixed. At the Jeffersonville prison there are 500, of whom 376 are natives, 24 foreign born, 4 negroes, and 80 mixed.

INDIANAPOLIS and Evansville and Terre Haute are the only three cities in the state which have non-partisan police forces. In the cases of Indianapolis and Evansville the police forces were made non-partisan by state legislation. Terre Haute made not only her police force but also her fire department non-partisan. She did this herself because she believed it was a good thing to do.

HON. JOHN C. NEW, of Indianapolis, at present consul general for the United States at London, whose name has been frequently mentioned in connection with the vacant office of secretary of treasury, writes as follows: "I was very greatly shocked to hear of the death of Mr. Windom. He was a good man and a friend of mine. I see that some folks have been suggesting me as a successor to him, and it has been so telegraphed over Europe. I do not want it. I would very much prefer my present place. It is not so hard work and is in other respects infinitely better."

THE suicide of yesterday morning in this city is another warning to young men of the ruinous effects of drinking intoxicating liquors. The drink habit brings misery and death. Drop it, young man, and lead a sober, industrious, honorable life.

THE first number of the Labor Herald, a new paper under the management of the Trades and Labor assembly of this city, has made its appearance. It contains a great deal of good reading and is ably edited. THE SENTINEL extends a greeting to the new labor paper and wishes it success.

THE Pennington air ship, which will be one of the attractive features of the Wallace circus the coming season, will be fifteen feet long and nickle plate finish. A one hundred foot round-top canvas has been especially provided in which the ship will fly. It is the present intention to have the contrivance manipulated by a small boy, who will take his seat and guide the ship around in the canvas.

YOUNG ladies of various churches at Evansville have organized what they call "The Old Maids' Safety Society." Secret meetings are held. The main mission is to keep tab on young men belonging to their set, and whenever misdemeanors are discovered the fellow is black-marked. When a specified number of black marks are recorded, then the unfortunate wight is black-listed, and the members of the society are forbidden to associate with him. A general row the other night nearly broke up the association, when it became necessary to black-list a sweetheart of one of the members, but stern duty eventually won and the young man was shelved.

A LARGE batch of indictments, some new, most old, were nollied in the United States court because there was not sufficient evidence on which to go to trial. The nollies were in cases against Theodore Bird, Blountsville; Joseph Lord, Elkhart; James Brazil, Stark county, violating revenue laws; Lee F. Wilson, Shelbyville, violating pension laws; Lee F. Wilson, conspiracy; Joseph McDonnell, South Bend; Horatio Wilcox, South Bend; George Barrows, Winamac, violating census laws; C. L. Gibson, Vevay, revenue laws; William Walden and Joseph Brindley, violating the election laws.

GENERAL SHERMAN died possessed of a considerable fortune, estimated at between $150,000 to $200,000. Three years ago he purchased the house in which his family resided, at New York City. Like many army officers, he long ago bought real estate in the west and held the property as a speculation. In this way General Sherman cleared a good deal of money. He owned, it is said, several houses in St. Louis and several hundred acres of land on the outskirts of Topeka, Kas. Although a good liver, General Sherman did not spend all of the $13,500 salary received by him from the government for many years, and his savings he invested.

ACROSS THE ALLEGHENIES.

Attractions of a Trip to the East via the "Picturesque B. & O."

From the time he leaves the Ohio river at Wheeling until he alights just beneath the national capitol, the traveler on the "picturesque Baltimore and Ohio" passes through the most beautiful scenery in America—the heart of the Allegheny mountains. There is not the grandeur of the Rockies and the deep abysses and lofty peaks of the High Sierra, but there is a softness and variety to the landscape, a blending of forest and mountain and stream which the western ranges do not possess. The changes of scenery are abrupt and striking—often grand.

The line passes through the famous valley of the Potomac. This is all historic ground. The noted bluffs of Harper's Ferry, the long bridge, the steep Virginia Wall and the rushing river are passed. Harper's Ferry itself is most picturesque. A hundred yards from the track is John Brown's old fort.

In less than two hours after Harper's Ferry is left the train halts almost in the shadow of the dome of the capitol at Washington. At Washington connection is made with the Baltimore and Ohio's matchless Royal Blue Line for Baltimore, Philadelphia and New York. These Royal Blue trains consist of the staunchest and finest Coaches, Parlor and Sleeping cars ever built by the Pullman company; are vestibuled from end to end, and are protected by Pullman's improved anti-telescoping device, which makes every car as safe as it can be made by man's ingenuity and skill. All the cars are heated by steam and lighted by Pintsch gas. They are the fastest trains in the world, placing New York and Washington within five hours' reach.

Mrs. P. H. Garity has sold her residence at 78 West DeWald street and has returned to Delphos, Ohio.

SOME OF THE "WHATS"

In the Bible Discoursed Upon by Dr. Wells, the Evangelist.

Although the weather was stormy and the walks slippery with ice, Dr. Wells had quite a large audience at the evangelistic meeting last night when he arose to commence his sermon. He talked about some of the "whats" mentioned in the Bible, and his discourse was a forcible and interesting one.

His first thought was taken from Matthew, twenty-second chapter, forty-second verse: "What think ye of Christ?" Do you acknowledge His divinity? Do you accept Him as your savior? Do you believe that He has power to save you from your sins? Do you know that He is your king and is the judge of the quick and the dead? Do you receive Him as the coming Messiah? Oh, let me urge upon you to answer these questions to-night, the doctor said.

The next "what" of the Bible the speaker dwelt upon was from Matthew, twenty-seventh chapter, twenty-second verse: "What shall I do then with this Jesus, which is called Christ?" I present Him to you, the doctor said, as your savior. You must either accept or reject Him. Oh, receive Him as your king, your redeemer! God help you that you may accept Him.

"What Must I do to be Saved?" taken from Acts, sixteenth chapter, thirtieth verse, was the third thought discussed. The answer is "Believe on the Lord Jesus Christ and thou shalt be saved." Oh, how simple and easy are the terms of salvation that God offers the sinner!

"What is your life?"—James, fourth chapter, fourteenth verse. Life is short and uncertain. "What man is he that liveth and shall not see death?" Death may come to some of you soon. It must come to all. The day and hour of the end of your life is written in God's book. Let me plead with you, the doctor said, to lead a Christian life and choose Christ as your guide.

The last thought dwelt upon was, "What shall the end be?" a part of the seventeenth verse of the fourth chapter of first Peter. The speaker pictured the death of the wicked and the eternity of woe that awaited them, and in contrast held up the bright and joyful future of the Christian. He closed with a strong appeal to the unconverted to accept Christ.

On account of the stormy weather, Dr. Wells announced, at the close of the sermon, that the Bible reading which had been arranged for this morning, would be postponed until this evening. The service will take place in the audience room of the First Presbyterian church, and it will close Dr. Wells' meetings in this city.

THE LEGISLATURE.

Representative Beigler introduced a bill amending the gravel road law.

Both houses passed the board of health bill over the governor's veto.

The fee and salary bill came up for discussion in the house. A motion to make the bill go into effect August 1, 1891, was lost and the bill will come up again to-day. The governor says that he will veto any fee and salary bill that does not take effect when other laws go in force.

Mr. Magee's bill for civil service in the benevolent institutions was defeated by the senate.

Senator Ewing's bill, which has passed the senate, abolishing the state board of agriculture and establishing a new board was made a special order for next Monday afternoon.

Mr. Thienes' bill amending the law concerning mechanics' liens was called up on its third reading. The bill gives the men who furnish the materials for a new building a lien on it, without notice, just as mechanics' liens are held. The bill passed—yeas, 79; nays, 0.

Mr. Stone's bill requiring county treasurers to return to taxpayers all unexpended balances collected for the purpose of building gravel roads, met with no opposition and was passed—yeas, 77; nays, 0.

The bill of Mr. Nolan's, providing for the reorganization and perpetuity of voluntary associations, was passed. The bill gives Knights of Pythias, Uniformed Rank K. of P., the Order of Elks and the Ancient Order of United Workingmen the same rights and privileges under the law as other fraternal and benevolent orders now have, and gives commission companies the right to operate wharf boats.

Mr. Robbins' bill, providing that the state geologist shall be the custodian of the Indiana battle flags, until the new soldiers' monument is completed, and shall not allow them to be loaned out, under any circumstances, was passed by a unanimous vote.

Mr. Branstetter's bill, authorizing counties, cities and other municipal corporations to fund their indebtedness, was read a third time and passed—yeas, 71; nays, 1.

The house, by a vote of 78 to 2, passed the Beasley school bill. It provides for an appropriation of $1,000 to defray the expense of advertising for books not heretofore contracted for; that Hutchinson's physiologies shall be used instead of Dalton's; that the price of histories shall be raised from 50 cents to 65 cents; that the price and standard of the spellers and grammars now in use shall remain the same; that trustees shall order books for each year's school on the first Monday in June, and only in such quantities as are needed, and that they shall furnish them free to children who are so poor that they can not buy them; that trustees shall not be required to make settlements with the contractors every three months, but shall only be required to settle with the county commissioners and county superintendents once a year, and that this act shall be supplemental to the present law and shall not impair or interfere with any obligation or contract heretofore made.

Mr. Peter's bill, making it the duty of township trustees to make a full and detailed report of all allowances made to paupers, such report to be made to the board of county commissioners, was passed.

A SURGEON says he can take any human face and with four cuts of the knife and a few stitches so alter its original expression that a man's mother won't know him.

GEN. B. F. BUTLER delivered an address at Tremont Temple, Boston, on Wendell Phillips, and announced that this would be his last appearance on the lecture platform.

Everybody Knows

That at this season the blood is filled with impurities, the accumulation of months of close confinement in poorly ventilated stores, workshops and tenements. All these impurities and every trace of scrofula, salt rheum or other diseases may be expelled by taking Hood's Sarsaparilla, the best blood purifier ever produced. It is the only medicine of which "100 doses one dollar" is true.

How to Break Up a Severe Cold.

From the Virginia City, Mont., Madisonian.

When we find a medicine we know to possess genuine merit, we consider it a duty, and we take pleasure in telling the public what it is. Such a medicine we found Chamberlain's Cough Remedy. By the use of this syrup we have relieved, in a few hours, severe colds, and in the course of two or three days, entirely broken them up as has several of our friends to whom we have recommended it. It is all it is represented to be by the manufacturers. If you have a cough and want to stop it, Chamberlain's Cough Remedy will do the work. For sale by druggists.

"MOTHERS, I WARN YOU!"

Watch carefully your daughter's health. When the appetite fails, or there is a growing nervous irritability, extreme lassitude, emaciation, the voice trembles, the step is irresolute, eyelids droop, and expression languid, then devote one hour to a thorough investigation of the cause.

LYDIA E. PINKHAM'S Vegetable Compound

acts promptly in such cases; by its use your daughter will be speedily restored to health. It is the only Positive Cure and Legitimate Remedy for the peculiar weaknesses and ailments of women. Every Druggist sells it as a standard article, or sent by mail, in form of Pills or Lozenges, on receipt of $1.00.

Send two 2-cent stamps for Mrs. Pinkham's beautiful 88-page illustrated book, entitled "GUIDE TO HEALTH AND ETIQUETTE." It contains a volume of valuable information. It has saved lives, and may save yours.

TEXAS FARM LANDS

At present valuation will make men rich during the year 1891. The most conservative admit the truth of this assertion.

It is now known that the finest wheat land in the world and suitable for all small grains and fruits and in many instances cotton are

In North and West Texas

Texas farmers have an enormous home market as well as

Twelve Thousand Miles of Railroad and Ocean Outlet for their surplus crop. Here farmers are able to work out of doors every day in the year, and stock run on grass from January to January. Many farmers in Kansas and in the north-west are selling whatever equity they have in their farms, buying the cheap lands of Texas. And in many instances clearing the price of the land from their first years crops. The latest census shows that few farmers in Texas have their farms mortgaged. The Texas school fund is the largest of any commonwealth in the world, aggregating in cash and lands some sixty millions of dollars. State taxes are ten cents on the hundred dollars.

We simply act as Agents in the Sale of Land

Consequently give the same attention to the interest of the buyer or investor as to the seller. We have now for sale good agricultural lands for from three to ten dollars per acre, according to location. These lands will double in value in three years. We can invest money in high grade first mortgages for non-residents bearing 10 per cent. We do not make any charge for commissions from buyers or lenders of money. "The Ruthless Sex"

Is a term applied to women by a Boston writer. It is a slander, of course, but it is an unfortunate fact that the women are the victims of nervous disorders and troubles which "The Brutal Sex"—the Bostonese term for the men—do not understand or appreciate. For these troubles and many others that are peculiar to women Swift's Specific S.S.S. is the most potent remedy that has yet been discovered. S.S.S. It restores tone and strength to all the organs, builds up the system, imparts luster to the eyes, clearness to the complexion, and urges into bloom the roses of health. Mrs. Alexander Vaughn, wife of a prominent merchant of Prescott, Arkansas, writes: "I owe the preservation of my life under Providence, to S.S.S. For four years my health was wretched, ruined—my life S.S.S. one constant pain, misery and torture. Two doctors treated me faithfully these four years, but did me no good. In 1887 I began taking S.S.S. Five bottles of this truly wonderful medicine worked S.S.S. the miracle of my complete and permanent recovery."

CONCERNING DEMURRAGE.

A Court Decision Which Will Interest Railroaders and Shippers—Local News.

A decision has been recently rendered by the court in Columbus, O., which, if sustained, will settle the legality of the charges made for the delay of cars by shippers under the rules of the car service association. It appears that on a car of lumber hauled by the Pennsylvania company from a point in Michigan to Columbus, O., demurrage charges had accrued by reason of its detention on the track after the prescribed time allowed by the association had expired, payment of which was demanded before the consignee was permitted to unload the car. The consignee contested the legality of the charge and rested his case upon three propositions, viz.: first, that the alleged contract for car service was void, because the railway had no authority to make such charges; second, that the company had no lien upon the property for car service under the contract, and, third, that the consignee in Ohio is not bound by a contract executed in Michigan. The court denied the validity of all of these propositions and gave judgment in favor of the railroad company, and in rendering his decision cited numerous other decisions in support of his position. The case will probably be appealed, in which event the outcome will be watched with much interest by both railroads and shippers.

PERSONAL AND NEWS ITEMS.

The car wheel department of the Bass works has shut down until Monday.

The Muncie pay car left to-day for the south to pay the employes along the line.

R. B. Rossington, Pittsburg freight agent, is at his desk again after a weeks' sickness.

The Kerr Murray works have received the contract to rebuild the Port Huron, Mich., gas works.

Gordon Evans has been promoted from the east yards to a place in the Pittsburg freight office.

At a meeting of the Fort Wayne Musical club last evening, Fred Lagerman was elected director.

Paul Brothers will give employment to about forty men when they get their pulley works in operation.

Charles H. Daseler, clerk in the paint store room of the Pennsylvania shops, is not at his desk to-day. He is ill.

The Kerr Murray works have just shipped a gas holder to the North Carolina Field Gas company at Danville, Va.

There are employed on the Pennsylvania system of roads 7,671 locomotive engineers, and their average pay is $112 per month.

L. James, foreman of the paint shop at the Fleming works, has returned from Avilla, where he attended the funeral of his father yesterday.

D. B. Kehler, of the Fort Wayne Furniture company, is near Maysville to-day, where the company has purchased 25,000 feet of fine lumber.

During the month of January there were shipped over the Pennsylvania road 1,573 080 tons of coke, or an average of 393,258 tons per week.

The presidents of the railroads in the Trunk Line association and Central Traffic association have decided to allow all roads west of Buffalo and Pittsburg to make a 1-cent mileage rate allowed to shippers of dressed beef using private cars. This disposes of the Lake Shore's grievance against the Grand Trunk.

C. Laible and L. Gerke, of the Pennsylvania car shops, have returned to work. Both were off on account of sickness.

H. Morbenkey, who works in Captain Harrison's department of the Pennsylvania shops, returned to work this morning, after a month's sickness.

The teamsters met last night in the old Carpenters' hall on Main street, and effected an organization to be known as the Teamsters' Protective union.

Louis Zauner, of the Bass works, who has been ill for some time, is able to be out doors and will resume work again Monday if his health continues to improve.

Fred Meyers, foreman of one of the moulding rooms at the Bass works, is unable to work on account of sickness. Harry Brown is temporarily looking after affairs in Mr. Meyers' department.

The Wabash company have just put on a new switch engine, No. 40. Switch engine No. 80 has been taken into the Wabash shops to receive all the new improvements and to undergo general repairs.

The fountain which the Railroad Y. M. C. A. will place in front of their reading rooms in the spring is not for watering horses, as a city paper stated, but is to be merely a drinking place for thirsty humanity.

A new freight house has been built by the Nickel Plate at Edgerton, this county, near the Ohio line. The Oak Harbor lumber company is located at that place. A telegraph station has also been established there.

F. Boerger and Jacob Baches, boiler-makers in the Pennsylvania shops, are on the sick list. F. M. Cherry, of the same shop, who has been very ill for some time, is improving, and hopes to soon be able to resume work.

The commissioners of the Western Traffic association are still engaged at Chicago in the work of formulating a set of rules for the government of the members under the presidents' agreement. They will probably continue in session the rest of the week.

William White severed his connection with the Pennsylvania company in this city yesterday and leaves this week for Wellsville, Ohio, where he has secured the position of assistant foreman in the machine shops of the Cleveland and Pittsburg railroad.

President Breyfogle, of the Louisville, New Albany and Chicago Railroad company, denied that there was any truth in the reports that an issue of $250,000 new stock was contemplated, or that anything was wrong with the management of the company's affairs.

The Lake Shore officials are taking steps towards paving the road leading to their warehouse, on the north side, with Michigan cobble stone. The deplorable condition of that thoroughfare the past two weeks has induced the company to make the improvement as soon as the weather will permit.

The will of the late J. M. McCullough, vice-president of the Pennsylvania, has been filed for probate at Pittsburg. His estate is valued at from seven to ten millions. The will gives to his wife and daughter each one-fourth of the estate, the remainder being left in trust with the executors. Harry Darlington, son-in-law of Mr. McCullough, receives $100,000, and each grandchild a sum on coming of age.

The Minnesota legislature has already spent five days in discussing a bill providing for the granting of railroad passes to the legislators, and the question is still unsettled. The bill makes it mandatory on the part of the roads to furnish members of the legislature with free transportation. Ignatius Donnelly, the farmers' friend, is leading the opposition to the bill, with the belief that he can defeat it by the farmers' votes alone.

The voluntary relief department of the Pennsylvania lines west of Pittsburg has now been in operation nineteen months, and January was the third month in that time in which the Pennsylvania company has been called upon to make good a deficit, the receipts from the members not equaling the disbursements in benefits. The association distributed in death and disablement benefits during January a total of $19,826.60. There were 978 employes who received benefits that month.

John M. Barry, who recently received injuries while working about a "dump" at the Nickel Plate dock, is able to be around again and will soon return to work.

A belief is prevalent in the car department of the Pennsylvania shops that better times are approaching. The men are cheerful and feel confident of being soon put on full time.

T. H. Johnson, of Pittsburg, assistant to the chief engineer of the Pennsylvania lines west of Pittsburg, is in Indiana for a day or two, looking after some proposed improvements here.

Fifteen firemen on the Pittsburg were laid off yesterday and a number of engineers set back to shoveling coal. The cause for this is due to the light traffic on the road. The lay-off will probably last until spring.

Henry Gebhard, of the Pennsylvania Machine shops, who received severe injuries to one of his feet yesterday, is getting along nicely and will soon be at work again. The big toe of one foot was badly mashed.

VAN HOUTEN'S COCOA—Largest sale in the World.

Georgia was settled at Savannah by General Oglethorpe, February 12, 1733.

I have a cousin who is a printer, says ex-Mayor J. B. Loughran, of North Des Moines, Iowa. Some years ago he was employed in this city where they were printing circulars for Chamberlain. He had a deep seated cold and terrible cough, and while setting up copy he made up his mind to buy a bottle. It cured him and that was the first I ever knew of Chamberlain's Cough Remedy. I have been strongly in its favor ever since. My own experience and that of my family convinces me that this remedy is the best in the world. That may be strong language, but that is what I think. CALIFORNIA EXCURSIONS,

Combining Comfort, Economy and Respectability.

The Santa Fe route, realizing the fact that there is a demand for a service to California and the Pacific Coast which will secure to the traveler even a greater degree of comfort than is given on the regular trains, has organized a series of special Santa Fe route excursions on regular dates between Chicago, Kansas City and all California points.

The most successful and satisfactory low rate excursions ever run to California have been over the Santa Fe route, and this company, with its own line from Chicago to California, smooth track and fine equipment will make these excursions more popular and successful than ever.

The excursions leave Chicago every Thursday at 7:50 p.m. from the Dearborn station of the Atchison, Topeka and Santa Fe railroad, and leave Kansas City every Friday at 10:45 a. m. and 11 a. m. They are personally conducted by salaried excursion agents of the Santa Fe route, who accompany the parties to destination, and give personal attention to the comfort of passengers, especially aged persons, ladies and children without escort.

Pullman Tourist Sleeping Cars are used in these excursions, and run through from Chicago and Kansas City without change to California. These cars are furnished with all necessary articles of comfort and convenience, as described elsewhere herein. A colored porter is assigned to each car, under the direction of the regular Pullman conductor. These arrangements give to the passenger every attention obtainable on first-class transportation.

Parties joining the excursions should write to H. A. Bonn, passenger agent, Rialto building, Chicago, who will give necessary information and assistance to passengers regarding tickets, baggage, location in sleeper, etc. Ticket office 212 Clark street, Chicago, corner of Adams street.

The NATIONAL HYMN AS REARRANGED FOR THE WORLD'S FAIR. SANTA CLAUS SOAP

My Country: 'tis of thee,
Sweet land of liberty,
Of thee I sing;
Land where our fathers died;
Land where our Mothers cried,
Over the wash-tub tied
Let freedom ring.
My native country thee—
Land of the noble, free—
Thy name I love;
I love thy tucks and frills
But oh! what laundry bills;
My soul with horror thrills;
When I think of thee.
Let music swell the breeze,
And blow through all the trees
Hail SANTA CLAUS:
Let tired mortals wake
And gladly try a cake,
Let all for cleanness sake,
Join the applause.

FRUIT HOUSE BULLETIN FOR 1891.

In consequence of the reduction of the Sugar Duties there has been a decline of half cent to one cent per pound. When the law goes into full operation on the 1st of April there will no doubt be a further reduction. At present New Orleans sugar is extremely low, a nice light brown New Orleans sugar selling at 5c. lb.

Coffee A. Standard, 6½c. Choice Extra C., 6c.
Good New Orleans 5c. Crushed and Powdered, 7c.
Granulated, Standard Quality, 7c.

COFFEE, COFFEE—Green and Roasted Java, Mocha and Rio.

The Coffee market is still held firmly by the speculating combination who has controlled it the last two years, and since our last circular there has been little change in prices, yet a large decline is looked for. In consequence of large receipts of Coffee at Rio and Santos. At present we have reduced the price on Rio one cent per pound.

Best Rio Coffee, 22c. lb. Roasted Rio, 25c. lb.
Old Govt. Java, 28c. lb. Roasted Java, 32c. lb.
Roasted Mocha, 35c. lb. Sampson Coffee in 1lb Packages, 25c.
Lovering's Coffee, 25c. lb.

The Tea market all grades of Teas, both Chinese and Japanese remain at former prices, but they are extremely low when the high price of Coffee is considered, and it is safe to say the high price of coffee has induced a large consumption of Tea, as the price of a pound of 20c. Tea is no more than a pound of coffee and it will go twice as far. We sell a most excellent Tea at 20c. lb, and the very best at 50c. lb. Our motto in Teas is purchasing in large quantities from first hands and sell direct to our customers, thereby saving them the profits of the Jobber, Speculator and Wholesale Dealers, which is at least 15c. We have a package Tea in 1lb Packages we sell at 15c.

Extra Young Hyson Tea, 20c.; good, 30c.
Very best Young Hyson in market, 50c. lb.
Gunpowder Tea, extra, 30c, best, 50c lb.
Oolong or Black Tea, good quality, 25c.; best, 50c. lb.
Imperial Tea, excellent quality, 30c; best, 50c lb.
English Breakfast, extra fine, 30c.; best, 50c. lb.
Japan Tea, very fine, 30c; best, 50c lb.

CALIFORNIA FRUITS, CANNED AND DRIED.

Our home market on fruits is so bare this season that California fruits are in great demand. Besides, they are the most desirable goods. Our California goods we purchased before the advance, hence our customers will have the advantage.

California 3 lb. can Peaches, 25c can; California 3 lb. can Pears, 25c can; California Green Gages, 3 lb. cans, 15c can; California Egg Plums, 3 lb. can, 20c can; California 3 lb. cans, Apricots, 20c. can; Dried California Nectarines, Peeled Peaches, Silver Prunes, California Dried Apricots, 17, 20 and 35c. lb.

OILS—All Kinds Reduced 10c Gallon.

Sheriff Viberg has received word from Sheriff W. S. Downey, of Kalamazoo county, Mich., to be on the lookout for a slim built man, about five feet eight inches high, of light complexion, who stole a peddler's outfit at Kalamazoo.

August P. Craig, white, and James Williams, colored, and an ex convict, have been arrested at Swarltown as the parties plundering Michigan Central freight cars at Michigan City. Large quantities of goods were found in their possession.

A house occupied by William Lane and family, at 57 Grand street, caught fire last night, and before the flames were under control the building was damaged to the extent of $200. Fully covered by insurance. The house was owned by Fred Dalman, the councilman.

Mrs. Mollie O'Brien, of 23 Charles street, is very ill with nervous prostration. The lady is a sister to Barney Fitzpatrick, formerly foreman of the machine department of the Pittsburg shops but now master mechanic in the shops of the Cleveland and Pittsburg railroad at Wellsville, Ohio.

A delightful birthday party was given by Miss May Bradley last night at the Grand Central hotel. The evening was spent in games and music and the young folks enjoyed themselves hugely. The guests were Misses Fleay Michaels, Carrie Henderson, Georgie Gaible, Grace and Lola Conover, Emma Ferkel, Lillie Barner, and Mr. and Mrs. Kerns, and Messrs. Samuel Bostick, Ed. and Chas. King, Clifford Wallace, Oscar Miller, Charles Cartright, Chas. Lyons, John Anderson and Hugh Beaver. A supper was served at 10:30.

Kate Castleton, the famous actress, commences a two-night's engagement at the Masonic Temple this evening in the greatest of all burlesques, "Faust Up to Date." The performance is an interesting one and Miss Castleton charms her audiences with her splendid singing. "Bonnie Kate" still sings the old favorite, "For Goodness Sakes Don't Say I Told You," and "The Spider and the Fly," in her own inimitable style, and in addition has several new songs which have created quite a sensation. The four original London Gaiety Theater skirt dances are with the "Faust Up to Date" company.

At the Armory headquarters of the Zollinger battery last evening the representatives of the various city base ball clubs met to perfect the organization of a city league. The Pilsners were represented by W. Howey and F. F. Gaffney; H. B. Exports by Perry and Wilcox; Kaisers by John Voirol; Zollinger Battery by Lieut. Rauke and M. J. Cleary. Officers were elected as follows: President, M. Belger; vice-president, W. Howey; secretary, Lieut. Rauke; directors, E. F. Gaffney, Capt. Mungen and J. Coy. The Kaisers withdrew from the city league because of a clause which by vote was ordered to be inserted in the constitution and by-laws, and they refused to sign the agreement. The clause was: "No non-residents of the city shall at any time be eligible to play in any of the city league clubs in any of the championship games of the regular schedule."

Henry Castleman and Josephine Kline have been licensed to wed.

A large number of the "Faust up to Date" company stopped at the Aldine.

W. W. Tillotson, ahead of the Pauline Hall opera company, is at the Wayne.

W. W. Greek and bride, of Bluffton, are guests of Frank X. Schuler, the insurance agent.

The Morton club will have the opening reception in the new rooms probably on or near March 15.

Miss Mattie Vickers will give an interesting performance at the Temple next Monday evening.

Frank Gruber has placed a large and handsome mirror in the retail department of his cigar manufactory.

The ladies society of the Baptist church are giving a social at the residence of S. D. Meisheimer, 328 East Wayne street, this afternoon.

Rev. E. H. Shanks, of Fort Wayne, assisted at a meeting at the Church of God, Columbia City, last evening.

Joe Brimmer, the sign artist, is engaged in getting up a number of elegant signs for the Centlivre brewery.

20c for Ladies' Rubbers at the MASSACHUSETTS SHOE CO.

Mrs. Richie

Comes to Mrs. Henry Hyman, of Payne, Ohio.

It is stated that the wife of Henry Hyman, of Payne, Paulding county, has recently fallen heir to $40,000 by the death of a wealthy uncle. Mr. Hyman is a brother of Phillip Hyman, of this city.

TOLD BRIEFLY.

Interesting News From Different Parts of Indiana.

John Nichols, accused of the murder of Lincoln Eurisman, near Assumption, in December last, has surrendered to the authorities at Shelbyville.

A number of parties under suspicion of petty thievery in Johnston township, Clinton county, received "white cap" warnings and fled the country.

The hardware store of Messrs. Williams & Henderson, at Walkerton, burned yesterday. Altogether four buildings were consumed. Loss, $15,000; insurance light.

The drill has penetrated nearly 1,300 feet in the efforts to find natural gas at Richmond, and the boring will be continued until 2,000 feet in depth is reached.

George Shearer, of Huntington, proprietor of an elevator, has discovered after nearly twenty years that he has been daily pouring oil into an opening that had no connection whatever with the journal, and for all the good it did it might as well been thrown into an alley.

Mrs. Nellie Bagott, of Clay City, is dead. She was the divorced wife of William Bagott, connected with the prison south, who, in 1886, forged bank paper, and with the money thus obtained eloped with another woman. He went to Mexico, but was decoyed across the Rio Grande at Brownsville and captured, after which he was brought back to Indiana and sentenced for two years. Mrs. Bagott was aged twenty-nine and the daughter of Alexander Brighton, ex-treasurer of Clay county.

John W. Graeter, who murdered Isadore Meyer and Conductor E. W. Leach on a Pullman car, near Bald Knob, Ark., is a native of Vincennes, where he has resided all his life, and he is a brother of George W Graeter, owner of the Vincennes street railway, and Joseph Graeter, a merchant, of El Paso, Texas. His family is one of the oldest in Vincennes, and is prominently identified with the early history of the territory and state. Two years ago he became possessed of valuable property interests by the death of his father, and for the past year he has been steadily dissipating. The first indications of insanity came three weeks ago. While en route for California he was found prowling around a Catholic church at Fort Worth, Texas, barefooted, hatless and without his coat. He was returned to Vincennes in a weak condition, physically, but seemingly all right mentally, and on Monday last he started again on the trip to California. He is aged thirty-eight and unmarried.

"What you coughing yet my friend?" "Of course! my cold is no better." "Well, don't stand on the order of going, but go to the druggist and get a bottle of Dr. Bull's Cough Syrup quick." He went, and he was straightway made happy.

For burns, scalds, and other wounds Salvation Oil has proved itself to be the best remedy ever used. All druggists sell it for 25 cents a bottle.

FOOLISH WOMAN.

Why Will They be so Thoughtless and Careless Even About Matters Which Concern Their Beauty.

The plainest features become pretty when clothed with fresh, velvety skin. It is in the power of every woman to have a soft, fine skin. Reading much to her purpose. She will devote a little time and care to her toilet. It should be a duty as well as a pleasure to every woman to enhance her powers of attractiveness.

So says the highest authority in London, but nothing can be more absurd than for any lady to try and be beautiful simply by powdering the face, or applying cream or ointment. These things are necessary, it is true; but something else is more important. Good refreshing sleep. Warm circulating blood which never permits cold feet and blue noses. Those things make beauty quicker than any powders or lotions can. But, my lady reader says, how can these be done? Keep the blood moving by some gentle stimulant, and for this purpose nothing is equal to pure whiskey. Not the whiskey we commonly hear of; not the questionable kind that is drank by grass men in grosser places, but something pure, palatable and wholesome. This is precisely what Duffy's Pure Malt Whiskey is and what has made it so immensely popular. The best doctors in the land prescribe it. The most scientists endorse it. In it all those qualities are found which make it a great friend to women. It relieves the sufferings to which they are subjected and counteracts the wearing effects which so often cause women to grow old prematurely. Duffy's Pure Malt Whiskey will, taken with a little water, tone up the system and replace languor and weakness with brightness and vigor. It is being used by the leading ladies of the land. But be sure and secure the genuine and take only Duffy's.

Stewart & Hahn.

We have reason to believe that for some years we have had the most popular Embroidery Department in the city, and it will be our constant aim to keep it so.

As usual, our purchases for this department have been very large, and we can assure our patrons that we have secured our stock at old prices, having made our selections before the McKinley bill took effect.

We have special values in Hamburg edgings at 5, 8, 10, 12½, 15, 20, 25, 33 and 35c per yard. Our Nainsook and Swiss Edgings and flouncings will be found specially attractive and moderate in price.

The indications are that Black will be more popular than ever this season, and we have shaped our course accordingly.

We have beautiful Black Imported Lawns in plain, satin stripes, lace stripes, Grenadine effects, Black Organdies, Black Challies, Black Linon de Indi, Black Satines, in fact Black Dress Goods of every description and warranted fast colors.

We take pleasure in showing the new goods to our customers, and invite every lady in the city to come at once, before our busy season actually begins, and look through our stock.

You will find something interesting in every department, coupled with every attention whether you are a purchaser or not,
